SAYS RUSSIA HAS NO A-BOMB

Wins By A Smile

Featured singer on a national radio show, Janette Davis has been selected "Miss Smiles of 1948" by the National Laugh Week, which begins April 1. She will be crowned at the National Gagwriters' convention in New York, April 1. (International)

Pa Newc Observes

Tomorrow being Good Friday, will be observed by some institutions as a holiday.

* * *

Headed north and flying low a large flock of wild geese went over Hillsville about 6 o'clock this morning, according to one Hillsville resident who sighted them.

* * *

Just in case you might have forgotten, the temperature a year ago today was down below the freezing point, and it snowed, quite a bit too.

* * *

Ruins of the Creasy building, which burned down last fall, were noted today to be still smouldering as smoke poured up from the cellar depths as workmen were engaged in excavating the site.

* * *

Work of taking down the miles of snow fences erected along the highways of the county last fall by the State Highway Department is now under way. The fences are stored along the roads during the summer.

* * *

Pa Newc notes that another historical road sign has been erected in the county, this one being on the Perry Highway between Harlansburg and Leesburg.

* * *

Among the many fine displays of spring crocuses to be seen around the city are those in the flower garden of Arthur Hawk at Englewood avenue and Carlisle street. They are orange and purple.

* * *

One of the most needed paving improvements in Lawrence county appears to Pa Newc to be the Butler road route between New Castle and Princeton. The road should be rebuilt.

* * *

Guy Fullerton of North Beaver Township, reports that a couple of flocks of wild geese flew over the township this morning, at 9:30, going north. He estimates there were about 125 in each flock.

* * *

Partial barricades have been erected on the Wilmington Junction to Neshannock Falls road, indicating that the recent high water created some traffic hazards on the route. Some other routes in the county also received some damage in the recent high water stages.

* * *

In one yard on the North Hill where there is a small orchard of fruit trees, four or five apple trees and a few peach, cherry and pear trees were receiving their first spring spraying Wednesday, it was noted. A large compression sprayer was doing the work.

* * *

Pa Newc received an inquiry this morning from a lady who wondered if she waited another two weeks to go to Washington, D. C., to see the cherry blossoms whether they'd still be out. However, as they are already in bloom it's likely that within a week or ten days the blossoms will be past their prime.

Truman Urges Truce Between Arabs And Jews

Stands Firmly Behind U. S. Proposal For U. N. Trusteeship Over Palestine

MEANS IS SOUGHT TO HALT BLOODSHED

By ROBERT G. NIXON
(I. N. S. Staff Correspondent)

WASHINGTON, March 25—President Truman declared today that he stands firmly behind the United States proposal for a United Nations trusteeship over Palestine as the most effective means of preventing wholesale slaughter in the Holy Land.

The chief executive urged a truce between the embattled Jews and Arabs and disclosed he is asking immediate United Nations action toward that end.

Mr. Truman emphasized that the United States again will back Palestine partition if the temporary trusteeship should succeed in halting bloodshed.

Must Share Responsibility

The president told his news conference that the United States will "lend every appropriate assistance to the United Nations in preventing bloodshed and in reaching a peaceful settlement."

He said that if the UN agrees to a temporary trusteeship "we must take our share of the necessary responsibility."

But he refused to say whether the United States would provide troops in the event the UN decided upon an international force to police Palestine.

The president, speaking slowly and solemnly, explained the United States reversal of its position on the Palestine partition plan.

Will Ask Truce

1. The United States will ask that Jewish and Arab leaders be called before the UN to bring about an immediate truce in Palestine.

2. The proposal for a temporary trusteeship is considered by the United States as the only possible means of preventing the outbreak of wide-scale warfare in Palestine when the British mandate ends May 15.

3. The trusteeship proposal is not regarded as a permanent re-

Too Much Being Made Of Berlin Issue Says Clay

(BULLETIN)

FRANKFURT, March 25.—(INS)—Gen. Lucius D. Clay, United States military commander in Germany, said today that "too much is being made" of the Berlin situation and expressed the hope there will be no war.

Gen. Clay said there was no connection between Washington's decision to maintain military rule in Germany and the "walkout" last Saturday from the Allied Control Council meeting by Marshall Vassily Sokolovsky, Soviet commander.

Sokolovsky bolted the session on the grounds that the council lacks all authority since creation of a three-power economic administration in western Germany.

Gen. Clay said that the tangled Berlin situation is of a "political and not military nature." He added:

"This is one of the many periods in which one must wait for the situation to clarify."

Peyton Murder Trial Near End

PITTSBURGH, March 25—(INS)—Defense Attorney Charles J. Margiotti rested his case in the Peyton murder trial at 10:01 a. m. today shortly after Judge William H. McNaugher ordered the testimony of a "surprise" witness for the defense stricken from the record.

The jury is scheduled to begin deliberation sometime tonight or tomorrow—Good Friday—and Judge McNaugher said he will charge the jury tomorrow if the case isn't ended tonight.

Services Friday

Community Holy Week services will be conducted on Good Friday from noon until three o'clock in First Presbyterian church, North Jefferson street; First Congregational church, Reynolds street, and Mahoning Methodist church, Cedar street.

Seek To Arrange Easter Truce In Holy Land Strife

By BEN FELLER
(I. N. S. Staff Correspondent)

JERUSALEM, March 25.—Palestine authorities sought today to arrange an Easter truce in the bloody Arab-Jewish communal warfare to permit unhampered worship by Christians for the remainder of Holy Week.

Appeals for an armistice came in the wake of one of the bloodiest days in Arab-Jewish fighting over the question of partition. Casualties on the eve of Holy Thursday were placed at 119, with 41 dead and 78 wounded.

The truce was asked to allow persons of all religions to participate in traditional ceremonies at holy places. Officials also asked agreement on a truce during the Jewish Passover and the Moslem Nebi Musa pilgrimage which coincide in the last week of April.

Arab and Jewish leaders conferred immediately regarding a local truce in the Jerusalem area during the Christian Easter celebrations.

The majority of Christian places of worship are in Arab-held areas. These include parts of the old city containing the holy sepulchre and the stations of the cross along the route travelled by Christ on His way to Calvary. The Arabs also hold the nearby Garden of Gethsemane where Christ was betrayed.

Congress Ready To Pass Measure On Rent Control

Compromise Measure May Pass Both Houses Before Nightfall

WOULD EXTEND CONTROL FOR YEAR

(BULLETIN)

WASHINGTON, March 25—(INS)—The House today passed a compromise rent bill extending federal controls to March 31, 1949, and the Senate was expected to complete Congressional action on the measure before nightfall.

By CHARLES B. SEIB
(I. N. S. Staff Correspondent)

WASHINGTON, March 25—Congressional leaders cleared the way for passage today of a compromise rent bill extending federal controls to March 31, 1949.

Sen. Tobey (R) N. H. chairman of the joint conference which approved the bill after three days of negotiation, said he hopes to see final passage through both houses before nightfall. Present rent ceilings expire next Wednesday.

One Exception

The new bill, put into final shape last night by Sen. Cain (R) Wash. and Rep. Wolcott (R) Mich., generally continues present controls with one major exception:

A Federal emergency court of appeals is to be the final authority on area-wide decontrol actions or rent increases.

Approval of the compromise measure was marked by the defeat of a House-approved proposal that home town rent boards be given the power to raise rents or remove ceilings entirely. Under the compromise measure, local boards merely can make recommendations to the housing expediter in Washington, as is done under the present law.

If the expediter turns the local request down, however, the case can be appealed to a special emer-

'Mon' Valley Power Crippled By Fire

CHARLEROI, Pa., March 25.—(INS)—A fire at the West Penn Power Co., today cut off electric power to some 50,000 persons and 15 industries in the Monongahela Valley.

Officials said emergency power was being supplied by other substations, but it would be late tonight before full service is restored.

The fire reportedly started in the condenser room from an overheated transformer and damaged a dozen other transformers.

SOLVE DEATH MYSTERY

MIAMI, Fla., March 25.—(INS)—The mystery surrounding the disappearance of Theodore Dahl, former Cleveland, O., motor executive, is solved today. Miami police learned yesterday that he was killed Feb. 27 by a Florida east bound passenger train.

Both Miami and Hollywood, Fla., police agreed that the death was a suicide. Dahl's arms were cut off and he was decapitated in the accident.

U.N. Is Waiting U.S. Attitude On Palestine

By PIERRE J. HUSS

LAKE SUCCESS, N. Y., March 25.—The United Nations marked time today on the Palestine issue while it waited for the United States' next move on the trusteeship proposal.

Rapidly gathering storm clouds over the Holy Land perturbed the delegates yesterday, but failed to press them into action in the absence of the U. S. leadership.

A statement of the American position is expected from the president at his press conference today. But the council, out for its Easter recess, will not be able to act until next Tuesday.

Aimless confusion marked the session yesterday when Warren Austin, U. S. spokesman, failed to introduce a resolution calling for a special meeting of the general assembly.

Austin Silent

The council convened with everyone expecting U. S. action promised by American spokesmen as

MAJOR PROVISIONS OF TAX CUT LEGISLATION

PERSONAL exemptions for each taxpayer and dependent would be increased ½ from $ $500 to $600.

HUSBANDS and wives could split incomes over $5,000 for tax purposes.

MAXIMUM standard deduction for contributions, medical, etc., would be increased to $1,000.

PERSONS 65 or older would get an extra $600 exemption.

YOUR withholding tax would shrink no later than May 1—retroactive to Jan. 1—at least 5 per cent.

DIFFERENCES between House and Senate bills will be ironed out and an expected presidential veto can be over-ridden by 18 votes according to Senate's 78-11 approval of the measure. (International)

Declare Truman Veto Of Tax Bill To Be Overridden

Congress Leaders Assert Tax Reduction Measure Will Become Law

BILL IS NOW ON PRESIDENT'S DESK

By FELIX COTTEN
(I. N. S. Staff Correspondent)

WASHINGTON, March 25—Three top-ranking Republican leaders declared today that Congress will enact the tax reduction bill over President Truman's expected veto regardless of his projected multi-billion-dollar military program.

Sen. Taft (R) Ohio, House Speaker Martin and Rep. Halleck (R) Ind., House majority leader, expressed the belief that any military recommendations made by the president will have no effect on the tax bill.

On President's Desk

The bill is on the president's desk today, put there by a House majority of 289 to 67 and a Senate vote of 78 to 11. In each case the vote was far more than the two-thirds majority necessary to override a veto.

High alministration leaders in Congress concede that the bill will be passed over the president's veto, although they do not wish to be quoted by name.

The president has until April 5 to act on the measure, which cuts taxes four billion, 773 million dollars a year retroactive to last Jan. 1.

Expect Veto Message

He is expected, however, to send to the House next week a strong message disapproving the bill in view of the international situation, proposed increases in military expenditures, and inflationary pressures at home.

House GOP leaders plan to call

Fatally Injured Near Same Spot His Wife Was Killed

CARLISLE, Pa., March 25.—(INS)—Calvin Casey, 75-year-old Carlisle resident, last night was injured fatally when struck by an automobile within 100 feet of the spot where his wife died in a similar accident eight years ago.

Police reported the aged man was struck by an automobile driven by John M. Giffin, 65, Carlisle R. D., who claimed he did not see Casey crossing the street.

To Announce Selection Of Teacher For Summer School Session, April 12

With March 31 the deadline for selecting Lawrence County's outstanding school teacher, the Local Selection Committee today was in the thick of appraising candidates.

The winning candidate will be awarded an all-expense fellowship to the Summer Session of the Pennsylvania State College provided jointly by the New Castle News and the College.

The fellowship includes tuition, room, board, books, and transportation.

Qualifications of the candidates are being charted with great care by the committee, John C. Syling, chairman of the group, said today.

Some Of Tests Applied

Among the questions which the committee is placing against the record of each applicant are these:

Is he enthusiastic about his profession

Does he know his subject?

Is he constantly trying to improve his professional knowledge and skill?

Do pupils believe in and trust him enough to confide their personal problems?

Do pupils understahd what they are trying to do in his classes and does it seem important to them?

Do he and his pupils carry on worthwhile school projects with other departments?

Are his relations good with others on the school staff?

Is his teaching adapted to community needs?

Does he help students understand and appreciate American institutions, and does he prepare them for active responsible citizenship?

After the Selection Committee has named its winner and alternate, it will report the names to Dr. James Gemmell, chairman of the Summer Fellowship Committee by March 31, and Dr. Gemmell will check the accreditation of the candidates.

The New Castle News will announce the name of the successful candidate on Monday, April 12.

New Castle And Ellwood Schools To Get $313,725

HARRISBURG, March 25.—Auditor General G. Harold Wagner has approved payment of $208,920.36 to New Castle school district and $104,804.92 to Ellwood City boro school district, both in Lawrence county.

The funds are paid from legislative appropriations for the support of public schools.

Board Probing Meat Strike Is Ending Hearings

CHICAGO, March 25.—(INS)—The presidential board of inquiry investigating the nation-wide CIO packinghouse strike winds up its hearings in Chicago today preparatory to filing its report to President Truman April 1.

The board was scheduled to close its investigation yesterday but asked for an extension of another day because of the vast amount of data to study.

After the report is submitted to the President, Mr. Truman may ask the Attorney General to seek a federal court injunction to suspend the strike for 80 days under the national emergency provision of the Taft-Hartley act.

One hundred thousand members of the CIO-United Packinghouse workers who handle about half of the country's meat production walked out March 16 in a wage dispute.

U. S. Forces Will Stay In Berlin

BERLIN, March 25.—(INS)—An authoritative source declared today that the United States will resist forcefully any Soviet attempt to oust Americans from Berlin.

This source told International News Service that it is unlikely that the Russians will use force in such an attempt. But if they do, he said, the U. S. will counter with force.

The American informant said that the three western powers are determined to share control of the German capital as long as Allied occupation lasts.

METTING URGED

LONDON, March 25.—(INS)—Sixteen Laborite members of Britain's parliament urged today that steps be taken for an early meeting of Prime Minister Clement Attlee with Soviet Premier Stalin and possibly President Truman.

Inquiry Board In Coal Strike To Begin Hearings

First Meeting Is Scheduled For Tomorrow—Expect Report In Week

NATION BEGINS TO FEEL STRIKE PINCH

(BULLETIN)

WASHINGTON, March 25—(INS)—President Truman indicated today that the government will seek a court injunction, if necessary, to end the strike by John L. Lewis' 400,000 soft coal miners.

The President discussed the 11-day-old mine shutdown at his news conference and made it clear that he is going to take all the legal steps in the Taft-Hartley Labor Act to deal with the situation.

By PHILLIPS J. PECK
(I. N. S. Staff Correspondent)

WASHINGTON, March 25.—A top federal official said today the government's timetable shows the coal strike will begin to "hurt" after three weeks and poses a "very bad" situation if it lasts longer.

Although the nation has weathered longer strikes in the past, the official explained that coal stocks this time are below par. He also pointed out that the government had no chance to "freeze a supply for emergency use.

Present administration plans are aimed at ending the current strike of John L. Lewis' 400,000 miners, now eleven days old, through a court injunction before the "critical" stage is reached.

Board To Meet

A three-man board of inquiry set up under the Taft-Hartley law to investigate the coal dispute will hold its first meeting tomorrow.

Members are Federal Circuit Judge Sherman Minton, Mark Ethridge, Louisville publisher, and

'Mata Hari' Of Far East Is Executed

PEIPING, March 25.—(INS)—A single rifle shot in the back of the head ended today the adventurous career of China-born Pi Hui, alias Yoshiko Kawashima, the "mata hari of the far east".

The 33-year-old woman, whose espionage activities in behalf of Japan aided in the despoliation of her native land, was executed at the sunrise hour of 6 a. m. as she knelt calmly in the bleak courtyard of Peiping's model prison.

A Chinese soldier, firing at close range at the command of an officer, sent the one bullet through Pi Hui's skull that fulfilled the sentence of a military court for high treason.

Tentative Approval For Abandoning Sharon-Erie Run

HARRISBURG, March 25—(INS)—The Pennsylvania Railroad's proposed abandonment of passenger service on the Ashtabula division between Erie and Sharon was approved tentatively today by the Public Utility Commission.

The railroad told the PUC that communities on the route were served by other railroads and bus companies indicating the proposed termination of service was prompted by lack of patronage.

The commission's approval will become final April 10.

Backing up its contention, the railroad said the division had gone into the red by $57,360 during 1946 while compilation of revenues for the first five months of 1947 showed a loss of $37,610, the commission reported.

Forrestal Urges Large Increase In Armed Forces

Asks 349,500 Officers And Men Be Added At Cost Of Three Billion Dollars

DECLARES RUSSIA HAS NO ATOM BOMB

By WILLIAM THEIS
(I. N. S. Staff Correspondent)

WASHINGTON, March 25—Defense Secretary Forrestal asked Congress today for a 14 billion dollar program "to avert war" by adding 349,000 men to America's armed forces.

Forrestal's proposal to the Senate armed services committee was the first step in a new overall defense program which President Truman said at his news conference would be submitted to Congress soon.

The defense secretary stated flatly that Russia does not as yet have the knowledge or the capacity to make the atom bomb although the U.S.S.R. "threatens to extinguish freedom in Europe."

Forrestal said the cost of adding the 349,000 men to the army, navy and air force would be three billion dollars. The present defense budget is 11 billion dollars.

Would Add Billions

The president's expected request for additional armaments, especially warplanes, would add additional billions to the defense bill.

Sen. Byrd (D) Va. warned that the defense budget will rise to 16 billion dollars if Universal Military Training is enacted and remain at that figure "for the next eight or 10 years."

The defense secretary urged that the nation's armed forces be increased from their present level of 1,384,000 to 1,734,000, including a draft of 220,000 men in the 19-25 age group.

Forrestal and his joint chiefs of staff presented the new "short term" rearmament program to the Senate armed services committee with this declaration:

"The odds are not yet on Russia or war.

"The odds are still on the United

President Says Russia Is Still Friendly Nation

WASHINGTON, March 25.—(INS)—President Truman asserted today that Russia is still a friendly nation and must be treated as such in trade relations.

The chief executive, commenting on shipment of aircraft engines and other materials to the Soviet Union, said that the goods were purchased as long as two years ago.

He insisted that the Commerce Department has told the whole story of U. S. exports to Russia, and that nothing is being withheld from the public.

Asks Prosecution

As Mr. Truman, at his news conference, gave his views on exports to Russia, Sen. Maybank (D) S. C., announced he has asked the Justice Department to prosecute "everyone involved" in shipments of B-24 aircraft engines to the Soviet Union.

Maybank made his disclosure during interrogation of Defense Secretary Forrestal on national defense problems.

Maybank said he has urged the attorney general to prosecute "anyone inside the government or out" involved in shipment of B-24 engines.

Arthur Mometer

He has a township date today, "I must be off," said he, "I have to make a country trip to see some property." I recognize the symptoms, that glitter in his eye, it hits just in the early spring before the sun is high. The property is eighteen holes of golf land, trim and green, and afternoons from now till fall it's seldom he'll be seen. For golf is calling loudly and he must be away, inspection trip, don't make me laugh, it's 63 today.

First Baptists Plan Candlelight Communion Service

On Good Friday evening at 7:45 p. m. the congregation and friends of the First Baptist church will hold a candlelight communion service at the First Christian church on the Diamond.

Preceding the Communion service the choir will present excerpts from "The Crucifixion", by John Stainer, and Dr. G. S. Bennett, pastor of the First Christian church will bring the Communion Meditation on the timely theme: "What The Cross Means To Me."

The Baptists will return to their extensively renovated auditorium on Easter Sunday when Evangelist Johnny Trader will speak at the Bible school opening exercises at 9:30 a. m. and at the 11 a. m. service the pastor Rev. Oliver W. Hurst will preach on "Inevitable Easter."

The Bible school lesson Sunday morning, will be taught directly from the platform of the church, with the same order of service carried out as was done in the Cathedral.

late as the night before. But Austin remained silent, and the council instead heard from France, Colombia and Canada.

The three states, which were expected to support the American proposal, inferentially criticized it. Canada's Andrew McNaughton asserted that it would be dangerous for the U. N. to turn from partition at this time.

France and Colombia warned that trusteeship brings the U. N. problems similar to those raised by partition.

There was some speculation today that the American slowdown was caused by behind-the-scenes efforts to persuade Britain to postpone her yielding of the Holy Land mandate, scheduled for May 15.

Meanwhile there is a growing conviction at Lake Success that no matter what course it takes ultimately, the U. S. has lost prestige because of the constant policy shifts.

PLAN BEAVER CO. LAKE

BEAVER, Pa., March 25.—The Beaver County Board of Commissioners Wednesday took the first step toward ultimate construction of a 40-acre lake in the county's Brady's Run Park by awarding a contract to Sprague and Henwood of Scranton, Pa., for drilling of several holes to test the foundation for a dam across Brady's Run. The low bid of $940 was accepted.

gency court appointed by Chief Justice Vinson. The court, made up of U. S. judges, will weigh both sides and make a final, unalterable decision.

Provisions Of Bill

The new bill, as outlined by Sen. Cain, also:

1. Continue the present "voluntary" 15 per cent lease provision, with the leases to extend to December 31, 1949.
2. Protect holders of leases signed under the 1947 law until March 31, 1949. Housing units decontrolled since January 1, 1948, by the termination of such leases will remain decontrolled, however.
3. Strengthen present enforcement regulations by permitting the expediter to seek court injunctions against landlords who violate any section of the law.
4. Remove restrictions on use of building materials for recreational or amusement construction, such as theaters and bowling alleys.
5. Decontrol residential hotels offering special hotel services, even if tenants do not use the services.
6. Decontrol private rooming houses with not more than two tenants in non-housekeeping rooms.
7. Permit landlords to demand one month's rent as "security deposit" in addition to the usual month-in-advance in areas where that was the custom before 1942.
8. Protect public housing tenants from summary eviction because increased income makes them no longer eligible to occupy public developments.

The new law also provides that landlords shall not be obliged to suffer a loss on their operations due to "hardship" rent ceilings.

placement of the partition plan. The United States will urge partition anew if the temporary trusteeship is agreed to and succeeds in its objective of ending battle between the Jews and the Arabs.

The president said that he is instructing U. S. representative to the United Nations, Sen. Warren R. Austin, to make the proposal for a truce between the Jews and Arabs to the United Nations immediately.

Mr. Truman said the American proposal seeks to prevent the outbreak of wholesale slaughter in the Holy Land when the British remove their mandate forces on May 15.

The chief executive declared that the United States "is prepared to lend every appropriate assistance to the United Nations in preventing bloodshed and in reaching a peaceful settlement."

INQUIRY BOARD IN COAL STRIKE TO BEGIN HEARINGS

(Continued from Page One)

Dr. George W. Taylor, former war labor board chairman.

After the board reports, President Truman can seek an 80-day injunction against continuance of the strike. Justice department attorneys are reported already studying the legal aspects of the case.

The railroads have been the chief victim of the coal shortage to date. Rail union officials estimated that 10,000 railroad workers have been laid off.

Rail Traffic Cut

The government has cut passenger traffic of coal-burning trains 25 per cent and will slash freight movements by the same amount next Tuesday. The effect has been even worse on such lines as the Chesapeake and Ohio, a coal-hauling road.

Steel production has not been curbed to any great extent yet and steel's customers have not felt any pinch. Iron Age, magazine of the industry, reported that steel companies are gambling on a short strike.

President Truman directed the coal fact-finders to report to the White House not later than April 5, but his aides hope the board will finish its work in a week.

Such a schedule would give the government time to obtain a court injunction by April 5—when the walkout would be going into its fourth week.

DECLARE TRUMAN VETO OF TAX BILL TO BE OVERRIDDEN

(Continued from Page One)

up the bill for passage over the veto as soon as it is returned. Halleck said he believes the vote to override would be "approximately the same as the four-to-one majority by which the bill was passed by the house."

Taft said "I don't think anything will affect final passage of the tax bill now."

Asked whether he predicted passage over a veto, he replied:

"Yes, it will be passed over a veto."

Will Override Veto

Martin said "we shall have plenty of votes to override a veto. Nothing can stop passage of the bill now." He added:

"It would be nice if we could give the tax cut to the people as an Easter present, but the president probably will not send it back with his disapproval until next week.

"The House vote shows that the members are aware that a tax cut is needed to provide business with incentive to keep production going and to give tax relief to the people, who are finding present high prices burdensome."

Rep. Doughton (D) N. C., who led the bolt of southern Democrats over the bill, said he hopes the president will sign it. Doughton, ranking minority member of the Ways and Means Committee, said:

"Unless there are heavy extra expenditures or revenues fall off unexpectedly, we can have the tax cut and still have a surplus to apply on the public debt."

FORRESTAL URGES LARGE INCREASE IN ARMED FORCES

(Continued from Page One)

States and peace. And if the United States acts at once and with firm and resolute purpose. The odds will continue to rest on the United States and peace through the years ahead."

Forrestal, giving the general outline of President Truman's defense program, indicated that only youths from 19 to 25 inclusive would be drafted under the requested Selective Service law.

Forrestal declared flatly that Soviet Russia does not yet have the atomic bomb.

In citing America's "assets" in the critical world situation, the defense chief declared:

Soviet Can't Make Atom Bomb

"The United States possesses the knowledge, the capacity to make the atom bomb, and as yet the Soviets do not."

Forrestal explained that the short terms arms expansion program to add three billion dollars to the fiscal 1949 budget would be in both cash and contract authorizations with:

Seven hundred and seventy-five million dollars for aircraft procurement, and research and development for the air force and naval aviation.

About 760 million dollars for military personnel costs.

The balance for other necessary items of procurement, support, maintenance and operation of the three services.

On the draft, Forrestal said it is estimated that 220,000 men "must be provided by Selective Service," while it is expected that some 500,000 volunteers would be drawn in fiscal 1949 from the 19-25 age group.

Asks Military Training

For the long term program, Forrestal reiterated his previous request for Universal Military Training.

He gave the Senate committee this break-down of the 349,500 increase in "present actual strength" of the armed forces:

1. Army, by 240,000, from 542,000 to 782,000.
2. Navy, by 63,000, from 397,000 to 460,000.
3. Marine Corps, by 11,000, from 81,000 to 92,000.
4. Air Force, by 35,500, from 364,000 to 400,000.

Forrestal's presentation did not involve a request for increasing the present authorized strength of the services.

BAIRD SOCIETY HAS LUNCHEON MEETING

Baird society of Highland U. P. church enjoyed a delightful luncheon Wednesday afternoon in the church dining room. Places were arranged for 33 guests at beautifully appointed tables, decorated with miniature Dutch boys and girls and bowls of tulips, flanked by yellow tapers.

Using "The Resurrection of Christ in Scripture" as her theme, Mrs. S. G. Ligo was devotional leader. Mrs. Ligo opened the worship period by reading "Let Us Take a Walk", a poem. Mrs. J. W. McCreary read the poem "Thoughts of the Day", and introduced Mrs. C. F. Tilton who gave an interesting review of the book, "The Life of Ida S. Scudder", by Mary Pauline Jeffrey. Mrs. Tilton was presented with a remembrance in behalf of the group.

"Statistics on India" were given in response to roll call which was in charge of Mrs. D. L. Ferguson. Mrs. F. R. Fehl, retiring president, expressed her appreciation for the society's cooperation of the past two years. Mrs. Howard Gardner, newly-elected president, spoke breifly. Missionary boxes for Ezel and Frenchburg mission schools will be packed at the church April 7. Announcement was made of the spring presbyterial April 13 at Third church.

Mrs. James Cole was responsible for decorations, while Mrs. R. D. Rhodes, Mrs. A. N. Bergland, Mrs. James Merrilees, Mrs. W. W. Wallace and Mrs. D. L. Buckley were in charge of lunhceon arrangements.

S. O. S. Club Entertained

Needlework, mainly crocheting, with members working on table mats, rugs, etc., was the pastime when members met in the home of Mrs. Joseph Lagnese, Crowe street, Wednesday evening.

Door prize was won by Mrs. Cyril Pajac, who also aided the hostess in serving a lunch at the close of the evening.

Next meeting will be April 7 in the home of Mrs. Leroy Stafford, Fairgreen avenue.

P. A. V. Club To Meet

P. A. V. club will meet on April 1 in the home of Mrs. Stanley Data, 1603 South Jefferson street.

ASKING FOR IT AGAIN

As John L. Lewis gets older his Napoleonic complex seems to become more exaggerated. Apparently forgetting his experience of nearly a year ago he has again pulled the coal miners out of the pits, crippled heavy metals production and handicapped the country as a whole.

There was a time when coal miners were exploited, both as to wages and working conditions. Today working conditions have been improved and wages are comparable to other lines of labor. In this respect John L. Lewis has done much for the men in the mines.

This time neither wages nor working conditions are an issue. The issue is the operation of the pension plan, for which there is now thirty million dollars in the bank. Ezra Van Horn, the operators' representative says Lewis' plan for the pension is unworkable. Lewis says everybody is wrong but him.

No one would have been hurt if the matter had been adjudicated in an orderly fashion, while the miners got out the badly needed coal. Some slight delays would have been occasioned but countless of thousands of workers in all lines would not have been handicapped.

But John L. couldn't have his own way and the miners struck. Not a clear cut strike of course, but brought about under the tenuous reason that the miners are "not willing or able to work," a clause in their contract.

It seems unlikely that 380,000 coal miners would have suddenly come to such a decision within a few days unless that decision was pre-fabricated by someone higher up and the finger of accusation points squarely at John L. Lewis.

Such irresponsible actions brought about the Taft-Hartley Act. In the present mood of Congress this could easily bring about much harsher legislation. All because one man seems to be confusing himself with the Little Corsican Corporal.

We are reminded of an epitaph on a far western mining town tombstone, "He kept asking for it till he got it."

EFFICIENCY DEFICIENCY

Before the war, when prices weren't so high, an efficiency expert estimated that it cost the government $100 to answer one letter. That's hard to believe, and it might be well to allow a margin for error. But it would be interesting to know how much it actually does cost in 1948.

Not long ago Rep. Carl Steffan of Nebraska asked an appropriations committee investigator to trace the course of one letter through the State Department. He picked one at random. It was from a steamship agency, enclosing a check for $100 for the air passage of one person from Bucharest to Prague.

That letter was handled 35 times in three buildings. Receipts, memoranda, copies, telegrams and letters—some in triplicate or quadruplicate—were made out. The letter, the check and this flock of progeny went flying around like shuttlecocks through the Protective Services Division, the Public Services Branch, the Treasury, the Passport Division, the Special Deposit Unit, the Office of Coordination Review, the Communications and Records Division, and others.

It passed into code rooms, mail rooms and into files. Communications were sent out. By now, a lot of material is quietly gathering dust in federal files.

Part of the repeated handling this letter was subjected to resulted, undoubtedly, from the sheer bigness of the job the government has to do. There is an optimum size for any kind of business, and most observers, though they may admit they do not know what should be done about it, think the federal government has long since passed that optimum. But even oversize corporations seem to do better than that.

It is to be hoped the government has kept the telephone number of that prewar efficiency expert. It could use a little more efficiency.

LAND OF OPPORTUNITY

So frequently has America been called the land of opportunity the phrase has become hackneyed, but nonetheless true. By the unsuccessful and disgruntled the claim has not been accepted. Increasing thousands, unwilling to fight their own economic battles, have turned to the government for support.

A government turned paternalistic is responsible for much of this, it being a human frailty to always take the easier course. In spite of this recent tendency, and affirming the fact opportunity remains in America for all who will accept it, striking examples of business success are reported almost daily.

Samuel Marcus came to this country 30 years ago. He was a middle-aged mechanic, without money. He found employment at his trade, eventually went into a small manufacturing business of his own. The other day he died. Attorneys for the estate filed his will for probate. The attached inventory showed a value of $2,000,000.

This immigrant did not fall into an unexpected fortune. He accumulated the wealth in business, amassing $2,000,000 in 25 years. What was the line which brought him such good fortune? You'd never guess. He manufactured glass eyes for dolls.

America is the land of opportunity for those who have the ambition and the vision to see it.

In View Of News Of The World

By J. C. Ostreicher, INS Foreign Director

The advance guard of delegations from western hemisphere countries are arriving in Bogota for a Pan-American conference of vital importance.

This meeting, scheduled to open on March 30, will be of world impact for a number of reasons.

First, it will reaffirm western hemisphere solidarity on all major questions besetting the world.

Second, it will demonstrate to Soviet Russia that the United States is strong enough and in sufficient control of its widespread interests and commitments, to send its secretary of state, George C. Marshall, away from Washington for an anticipated period of six weeks.

Of Much Importance

In the present state of world affairs, this second consideration is of more importance than appears upon the surface.

Secretary of State Marshall can make a quick return by air, of course, should the international situation deteriorate to a degree making this necessary.

But it is quite apparent that Marshall is planning to stay "for the duration". And the United States could give no better proof that its over-all interests in the peace and prosperity of the world far transcend an immediate problem such as Trieste, interrelated as the latter may be with Europe's entire future.

Wide Variety Of Topics

The agenda of the Bogota conference embraces a wide variety of topics. Officially most of them are political, economic and cultural. But there will be no way of avoiding military discussions and probably no desire on the part of any delegates to avoid them.

The defense status of the Panama canal, differences between Argentina and Chile on one hand and Britain on the other regarding Antarctic claims and more localized frontier troubles are certain to be brought out into the open.

In view of the disordered state of affairs in Europe and at the United Nations, it seems highly likely that the Bogota conference will attempt to present an atmosphere of extreme goodwill and cooperation.

This object will be twofold. One aim will be to show Europe that American nations at least can work together and thus set an example to the rest of the world.

The second may be a shrewd maneuver to let the Soviet expansionists know that any new attempt on the part of the Kremlin to extend its influence and subversion across either Atlantic ocean will run into a granite wall of Pan-American resistance.

All told, the conference holds out enormous possibilities.

The Parent Problem

By Garry C. Myers, Ph. D.

GOOD WAY TO PUNISH A CHILD

While in my teens I boarded in a home in which the mother of two boys, two and four, was very gentle. She spoke in quiet tones. She had awfully good times with these boys (now grown, useful men with young families of their own). But she was firm. She never repeated a command.

I noticed that she used just one kind of punishment—assignment of the child to sit in a certain chair where she could see him doing nothing and without amusement. I noticed that the youngster rarely cried while in the chair and never long, that he dreaded it and that the punishment was very effective.

Adopted the Plan

When, some years later, Mrs. Myers and I were looking forward to our first baby and talking over how we would manage the youngster, I told her about the chair-sitting scheme of that mother. Mrs. Myers saw the merits of it and we adopted the plan as soon as our first child began to walk. Each of our children had valuable experience up to about 10 or 12. Each one is a parent now and uses the plan with good effect. There are nine grandchildren and another almost ready to be counted.

I should add that Mrs. Myers introduced an item which I did not observe to be used by that other mother. She set a definit time limit varying with the child's age—10 minutes for the tot under two, 15 minutes for the child three, and so on up to an hour for the child ten years old.

The time to be served was always announced when the punishment was assigned. Very early she would place a clock where the child could see it, showing him where the long hand would be when he could get down. If she were busy in another room the child would generously inform her when the hand had arrived. All our children learned thereby to tell time before they entered school.

Few Words

When the naughty child was sent to the chair or allowed to leave, the fewest possible words were used—no explanation, no exacting of promises. If, however, the youngster asked either of us a question or talked he was answered as if nothing unusual had happened, provided it was not related to the misdeed or the punishment. There was practically no crying as the child soon discovered crying did no good.

Mrs. Myers and I can recall no time when any one of the children ever ventured to leave the chair before the time was up, except by special permission. Before the punishment was used with any child that child had learned to respect 'No' and not to venture doing in our presence what he was very sure he shouldn't (barring finger or thumb sucking and the like, which are not amenable to punishment.

Avoid Further Mischief

The obvious advantage of having the punished child sit where you can see him is to keep him from being tempted into further mischief. Well-trained to profit from chair-sitting in your presence, for punishment, he will profit later from being sent, for punishment, to another room for a definite period.

No use to try to use chair-sitting until you have established in the child respect for 'No' with finality (explained in my bulletin, "How Teach Tot Meaning of No", to be had in a stamped envelope by writing me at 235 East 45th street, New York, N. Y.)

What would the baby sitter, teacher and all persons who deal with voluntary groups give if their children had been trained successfully at home to profit from chair-sitting?

Looking At Life

By Erich Brandeis

Here is a message from my doctor to you:

"Be enlightened but don't be frightened!"

I went to see this doctor a few days ago—to get my regular once-a-month cold shot—and noticed that there were more people than usual in his waiting room.

When it was my turn to go in I asked him if the increase in the number of his patients was due to the colds that are so prevalent in this changeable weather.

"No," he said, "it isn't colds. It's fear."

I didn't quite know what he meant, so he explained.

"It's a good thing," he said, "that a lot is being done now to fight cancer. There is too much of it and we don't know enough about it.

"I also think that there is entirely too much heart disease in this country, and I am glad that money is being raised for research and clinics.

"But it is one thing to enlighten people and another to frighten them.

"A lot of the patients that come in here now are scared to death that they have either heart trouble or a cancer, when all it is is nerves."

My doctor told me that he had checked with several of his colleagues. They all had had the same experience.

"People read about the symptoms of cancer and heart trouble" he said, "so they immediately discover them in themselves, when all they have is a little indigestion, run-down nerves or some other minor disorder."

I checked with several physicians on my doctor's statements, and they all agreed.

If you have a pain that persists, see your doctor by all means.

But remember that you can frighten yourself into real trouble.

Almost every sickness can be cured nowadays, so there isn't much to be frightened about.

If you have a stomach ache don't you worry yourself sick that it may be cancer.

If it doesn't go away, see the doctor—he'll tell you soon enough what is the matter with you.

Give as much to the cancer fund and to the heart fund as you can. But just because there is a lot of publicity about it don't you get scared.

That publicity is supposed to enlighten you and not to frighten you.

Just yesterday I read that there is too much mental sickness in this country and that soon another drive will be started to combat that. If you are nervous and down-in-the-mouth, don't frighten yourself into real trouble. Take it easy for a few days, and you'll probably be all right. If not, then go to your doctor.

But remember—scared soldiers don't win battles.

Politics—Strange Bedfellows!

Washington Calling

(By MARQUIS CHILDS)

Many Vice Presidential Hopefuls

WASHINGTON, March 25.—One sure sign of the rising and falling tide of political fortune is the crop of vice presidential candidates. The severe frost that blighted President Truman's prospects of re-election has withered a whole hotbed full of Democratic hopefuls.

It is hard to realize that only a few short weeks ago the public-opinion polls showed Truman's chances to be better than even with all but one or two of the then available Republican candidates. As was said in that dim and distant day, you could not swing a cat on the Senate floor without hitting a vice-presidential candidate.

That is also true today. But now the hopefuls are aspiring for the Republican nomination for vice president. In order to get a candidate for second place on the Democratic ticket, one cynic remarked, Congress will have to pass a draft act.

At least six Republicans in the Senate are looking bright and eager and ready. A list of those willing to say yes would probably include all Republican senators under 80. That would eliminate only Sen. Arthur Capper of Kansas and there is no guarantee that, if pressed sufficiently, he would not in the end consent to accept the honor.

Active Candidates

The active candidates most frequently named are Sen. Raymond E. Baldwin of Connecticut, Sen. Harry P. Cain of Washington; Sen. William E. Jenner of Indiana, Sen. William F. Knowland of California, and Senators Henry Cabot Lodge, Jr., and Leverett Saltonstall of Massachusetts.

One Democratic senator remarked wryly, paraphrasing a Dorothy Parker wisecrack, that this list ran the political gaunt from A to B. This is grossly unfair. Lodge and Saltonstall, for example, have worked hard for a bi-partisan foreign policy—particularly the former who has been one of Sen. Arthur V. Vandenberg's most able backers in presenting the case for European recovery.

Jenner, on the other hand, has derided and ridiculed the program both in and out of the senate. Baldwin has taken a far more realistic point of view on the need for the party to support liberal measures here at home than has Cain of Washington.

The House also has its candidates for vice-president. Conspicuous among them is Rep. Charles A. Halleck of Indiana, who is majority leader. As one of the half dozen men who tell the house what it can and cannot do under Republican control, Halleck exercises a power commensurate with his ambition.

To Get Serious Attention

It is just possible that this year the Republicans may give more serious attention to the selection of a vice-presidential nominee. Traditionally the second-place candidate is found under a sofa in a smoke-filled hotel room as the professionals rush to wind up the convention. But that method has its hazards, as American history and contemporary events abundantly prove.

Two of the men frequently mentioned for the GOP nomination for president are no longer young. Sen. Vandenberg would be 65 less than three months after inaugura-

One Man's Opinion

By Walter Kiernan

After a visit from ex-King Michael it was announced for Mr. Truman that he will not abdicate.

I hear Mike said "I quit and look at me! Still a boy and can't find a job. What would you do?"

Otherwise things are quiet. The word from Washington is that the Japanese cherry trees can be referred to as Japanese this spring without bringing a visit from the FBI.

However the new rules say that ordinary caution should be used when speaking of "Russian dressing".

But it is good to know that Los Angeles and Philadelphia have patched up their feud over which is the larger city . . . I understand a Detroit man said "neither".

Philadelphia sent Los Angeles a television set, the better to see the city limits, and L. A. sent Philly a case of champagne, the better to see the two political conventions.

With this beautiful weather . . . lawn keeping . . . and house cleaning by the lady of the house seems to be in order . . . But really things should go a wee bit further . . . It's a mite difficult right today but as soon as the Easter rush is over . . . every store manager should go about his place of business and see that there is no trace of rubbage laying about . . . Fire protection . . . if you will . . . It's so easy to let things like packing cases, and wrapping paper accumulate in a dark corner . . . or under a wooden stairway.

* * *

Paint-up . . . fix-up and clean-up . . . should be the order of the day. A little fresh paint or a wash job on store fronts would do a great deal to help make our community brighter. Washing down the street in the main business district also would do wonders. It seems to this one that an outfit could be fixed up by the city mechanics whereby streets could be flushed down at regular intervals . . . We are thinking of converting a used oil transport truck into a unit that would flush down the streets with water under pressure . . . A regular flushing truck cost thousands of dollars . . . A few months ago in the Readers Digest an article told about a fellow up New England way that converted old oil trucks into firefighting pieces . . . a similar method could be arranged for the job that we need done here on our downtown streets.

* * *

An administration playing politics, such as ours is by every sign, cannot be expected to deal forthrightly with as many contradictory situations as are confronting us today in all parts of the world . . . to meet these matters honestly, intelligently and successfully . . . calls for intensive study . . . plain speaking and clear cut action . . . But we can not see where this fits into the political picture as politics is played today.

On one hand we denounce Russia and consider her our enemy . . . on the other hand we continue to supply her with the things she wants . . . In December it amounted to $15,000,000 . . . We can't very well blow hot and cold at the same time and expect to get anywhere with Russia or anyone else . . . wouldn't it be considered "aid and comfort to the enemy?"

Little Change In Bahamas

By PAUL GALLICO

NASSAU, Bahamas, March 25.—Not far from this spot in the Bahamas chain is Watlings Island, formerly known as San Salvador, where in 1492 Christopher Columbus made his first landfall on the famous first voyage of discovery westward.

He is not generally supposed to have landed on this island of New Providence where Nassau, the principal city and winter health resort of the Bahamas is located, but I have reason to believe that he did, if an old parchment I turned up buried in the sand of the beach here is authentic.

It is apparently part of a report made by the Great Admiral upon the occasion of stopping her with the Santa Maria, and though some of the writing is faded from the action of the salt water, it reads in part as follows:

". . . . and on the first of March, at the height of the season, did sail into Nassau Harbor and cast anchor before the hostel yclept British Colonial. Went ashore to discover it; amazed to find this hostel inhabited by men and women paying from forty to one hundred pesetas a day to dwell there. Too rich for the blood of a poor Genoese seafarer. Decided to sleep aboard the Santa Maria.

Strange Customs

"Observed strang customs of the inhabitants of which there are two main kinds known as Rich Am-eri-cans and Wealthy Bri-tish-ers. It is not possible to tell these tribes apart in the morning when they lie about on the beach in a state of nudity that would most certainly shock her most Catholic Majesty, Queen Isabella, but which is very pleasant to behold, particularly with regard to the female members. Did spend profitably an entire morning on poop of Santa Maria with telescope, studying anatomy of female members of both tribes for a report which I hope to make later after further investigation and verification. They limit themselves to two small garments about the size of kerchiefs. This is the most interesting discovery I have yet.

Can Easily Distinguish

"Towards evening it is less difficult to distinguish between the tribes of Rich Am-eri-cans, and Wealthy Bri-tish ers, the latter carrying their noses a good foot higher than the former. The Bri-tish-ers are not given much to speech and limit themselves to a few simple phrases such as, 'Drink, old man?' to which the one addressed responds, 'Just a spot, old boy'. Thereupon both of them say 'cheers' and the conversation is ended.

"The Rich Am-eri-cans at nightime can be identified by the attitudes of dejection in which they loll at the trencher boards in the dining room and the grill. This state of near collapse is not caused by indulgence in spirits, but comes from play. The Rich Am-eri-can plays from morning until night at various games of skill and endurance known to the tribesmen as golf, tennis, swimming, water skiing, fishing, riding, polo and badminton. Comes the eventide and they are sunk.

Appear Semi-Nude

"This is just the hour that the female tribeswomen who appear semi-nude for this occasion wish to engage in their tribal dances some of which are most unusual in their movements and would not be approved by her most Catholic Majesty. It is necessary for them to prod the male tribesmen to their feet and drag them to the space where the ceremonial dancing is taking place. The males are clad in heavy black garments for these dances and also wear a special ceremonial vestment known as a 'boiled shirt'. The groans of these muscle--sore and play-weary males as they are led into the dance by the females are heart rending. To keep pace with the females it is necessary for them to fortify themselves with spirits from time to time.

"I have just discussed this portion of our discovery with my First Mate. He advised me to skip it, since her most Catholic Majesty, Queen Isabella, wouldn't believe a word of it anyway. He says it would be wiser just to report finding a few simple native Indians on these islands. I am therefore casting away this portion of my report.

State Police Say:—

Discard those murderous beliefs.

The "Law of Averages" concept. If you believe in the law of averages in regards to automobile accidents, you are merely taking the defeatist viewpoint. You are trying to excuse yourself from responsibility. If you have an accident because you were traveling at an unlawful speed or because you passed on a curve, it was not because of the law of averages. It was because of your own carelessness.

NEW YORK—Alexander S. Panyushkin, Soviet ambassador: "Certain circles in the United States are trying to sow the seeds of enmity between two nations three years after the end of the war. The American and Soviet people never will permit another war . . ."

LONDON—Ernest Bevin, British foreign secretary: "Great Britain will quit war-torn Palestine on schedule despite the American policy switch and regardless of what the U. N. may do . . . We will support anything than can be agreed upon between the Arabs and the Jews, we will not partake in enforcing anything . . ."

ALBANY, N. Y.—Gov. Thomas E. Dewey: "The Truman administration deliberately allowed Russia to take control of territories which American troops won. Its vacillating and inadequate policies are responsible for the Soviet's expansionist program . . ."

WASHINGTON—Gov. William Tuck of Virginia: "Preservation of state rights is one of the greatest bulwarks against communism which is running rampant in Europe. If we keep powers diffused among the 48 states we should be able to go through the present crisis . . ."

The World and the Mud Puddles

BELIEVE IT OR NOT

There are good reasons to doubt the stories—evidently inspired by the Soviet government—that Russia has succeeded in producing the atomic bomb. In the first place, it is a Communist maxim that an untruth is perfectly justifiable to help the Cause. In the second place, if Russia really were making atomic bombs she would keep the fact as a top military secret, because of the vital importance of surprise in any attack. In the third place, the Soviet's attitude in international affairs would be growing more belligerent, instead of more conciliatory, as indicated in Vishinsky's recent interview and the efforts at compromise made on the "war-mongering" resolution before the United Nations Assembly.

There always is the possibility that the Russians, with the aid of German prisoner technicians and scientists who labored to produce the bomb for Germany prior to their capture, could search out the secrets of atomic fission just as our own geniuses have done. But even a superficial knowledge of Russian psychology is enough to inspire skepticism as to the truth of the re-current reports.

In view of the juggling and misdirection of supplies to Europe under the lamented UNRRA, there is a general demand in Congress and elsewhere throughout the country, that some means be used to inform beneficiaries of further aid who their beneficiary is. It is no secret that Russia, and even Britain, took pains in certain areas to make the recipients of our aid believe that they, and not us, were the donors. There was diversion of supplies in Yugoslavia to the army—probably also in Romania and Bulgaria; there was distribution in satellite countries of our largess on a political basis.

So far as the moral or political effect of our giving is concerned, both would be lost unless there is some means of impressing on the various populations the real source of relief. Maybe, in a pinch, we

BEAUTY EVERYWHERE

Oh, whether north or south men live,
Or east or distant west;
It seems the Lord has tried to give
The charms that suit them best.
I've found no haunt so barren made
His love has not embraced;
And, suited to the sun and shade,
With bits of beauty graced.

The palm trees by the southern sea
Repeat the ocean's song.
The pine and elm and maple tree
To northern scenes belong.
There's glory on the mountains tall,
On wood and open field
The Lord's great love for one and all
In beauty is revealed.

Always the charms we know the best
Are those we long to see.
Home, north or south or east or west,
'Tis there we wish to be.
For some the palm, for some the pine,
For some the mountains tall;
But everywhere, the Lord Divine
Has blessed us, one and all.

See—HOW YOU CAN SAVE UP TO 75% COOKING TIME

Meats cook deliciously tender, not in hours, but in mere minutes. Imagine! A 4-pound pot roast in 35 minutes or fried chicken in only 20 minutes.

Vegetables cook in fractions of ordinary cooking time, with more of their natural vitamins, minerals, garden-fresh colors and flavors retained. Even whole beets cook in only 10 to 15 minutes.

Cereals and soups, in fact, practically all cook in a PRESTO COOKER in amazingly short times. Most cereals are ready in 2 to 5 minutes. Wholesome, flavorful soups take only 15 minutes.

You'll marvel at the taste-thrilling desserts that may be prepared in only one-fourth of the time used in ordinary cooking methods. For example, smooth, creamy custard in 3 minutes.

Presto COOKERS

Now available in sets of 2 or 3, or in individual units. 6-quart All-Purpose "MEAT-MASTER" for large portions of meat, chicken, game, fish, etc. Holds 5 pint jars for canning.

4-quart "COOK-MASTER" for the average family of four. Holds 3 pint jars for canning.

2½-quart "VEGE-MASTER" for the "all-alone" homemaker. Large enough for servings for 2 or 3 persons.

Come see how easy it is to use a PRESTO COOKER!

tion. Gen. Douglas MacArthur, whose nomination at this point seems highly improbable would be pushing 70.

Public attention would, therefore, tend to focus on the second place more than it normally does.

In the past, geography has been an important factor in selecting the man for second place. If the presidential candidate is from the eastern seaboard, then the middle-west gets the nod.

Get Incongruous Linking

As a result, we often get two utterly incongruous men linked on the same ticket. And the last-minute political deal is likely to produce the same result. As was demonstrated at the Democratic convention in 1932 when Franklin Roosevelt and John Nance Garner were nominated.

The GOP combination that is being discussed with increasing seriousness is that of Sen. Vandenberg for the No. 1 place and Harold Stassen for No. 2. That would be a powerful and harmonious ticket.

Stassen is only a little more than half of Vandenberg's age. On the essentials of foreign policy they are in complete agreement. Stassen has several times praised Vandenberg for his leadership in the Senate.

This is the kind of ticket which the independent voters will expect from the convention at Philadelphia. No half-man, half-alligator combination, conjured up at the last minute, will do this year.

Good Taste

By FRANCINE MARKEL

REGAINING CONFIDENCE IN SELF

"As a result of a broken engagement I have developed such an inferiority complex that I am uncomfortable around people. Around young men, especially, I seem to be embarassed and uneasy. Please tell me how to regain confidence in myself."

Answer: Your best medicine would be congenial, absorbing work with a hopeful prospect of leisure hours spent in association as often as possible with others, especially those who are jolly and gossipy. Attend as many movies as you conveniently can, selecting comedies and avoiding tragedies and other emotional plots. Similary, select books with sprightly, quick-action plots, particularly modern detective and mystery stories, without emotional motifs.

It is very important that while in this state of mind you do not impulsively accept, on the rebound, another man and marry before determining very definitely that he would make you happy throughout life. A large proportion of marriage tragedies result from elopements and other sudden marriages by victims of broken engagements and jilts. But if through increased social activities you do meet a man whom you absolutely know in your heart to be superior and congenial, he will prove to be your best medicine for what now ails you.

Question: Is it correct for a widow to sign her name: "Mrs. John Smith"?

Answer: No, you are not right. A woman should never sign her name "Mrs." or "Miss". She should sign her name "Mary Smith", and if she wishes to let the addressee know how she should be addressed, she should place in parenthesis under her signature (Mrs. John Smith). This, however, is not regarded as a signature. A widow should continue to be addressed "Mrs. John Smith" and never "Mrs. Mary Smith".

Search For Killer In Youngstown Area

WHEELING, W. Va., March 25.—(INS)—The search for the killer of Harry W. Weidetz, 67, an alleged Wheeling gambling czar, spread today to Pittsburgh, Steubenville, O., and Youngstown, O.

Police said they now believe a hired out-of-town gunman blasted Weidetz with a sawed-off shotgun as he was closing the garage doors at the rear of his home early this week.

The dead man's wife, Frieda, who was with him, was unharmed.

The oldest city in the United States is St. Augustine, Fla., which dates back to 1565. The first City Council of Lima, capital of Peru, was founded 30 years before, on Jan. 22, 1535, just four days after the inauguration of the city.

Further Reports Of Attendance

Pulaski, Slippery Rock And Plaingrove Districts Make Good Records

Last Sunday attendances and percentages in the eight weeks pre-Easter Increase Campaign being sponsored by the Lawrence County Sabbath School Association in which 75 Sunday schools are enrolled, was good for Pulaski, Slippery Rock and Plaingrove districts. Most of these Sunday schools send in their reports on postal cards, and there are two that are not in as yet.

King's Chapel Methodist Sunday school is still having record-breaking attendances in Pulaski district, and in Slippery Rock district the Princeton Presbyterian is in the lead with the Plaingrove Presbyterian in first place in Plaingrove district. Below are Palm Sunday's attendances, total points and total perecentages:

Pulaski district—King's Chapel Methodist, 127 Palm Sunday attendance, 289 total points and a total percentage of 4.738. Pulaski Methodist with March 21st attendance not in, has 34 points and .829 percentage.

Slippery Rock District—Princeton Presbyterian has 85, 49, and .681 and the Greenwood Methodist, 60, 10, .143. Plaingrove district—Plaingrove Presbyterian does not have Palm Sunday attendance in as yet, but are still in lead with 92 total points and .793 total percentage. The Plaingrove U. P. has 106, 43 and .512, while the Unity Baptist attendance for last Sunday was 78.

Women Voters Hear Talk On Schools

Roy F. Conway Tells Of Proposals For School Districts Under State Legislative Act

New Castle League of Women Voters at their March meeting in the international room of the Y.W.C.A. Wednesday afternoon heard as speaker Roy F. Conway, assistant superintendent of county schools.

Mr. Conway, introduced by Mrs. Lyle Hughes who presided, explained the proposal for fourth class school districts, for larger administrative units and larger attendance areas as called for under Act 361 of the recent state legislature.

Each county board has the job of setting up such a plan and submitting it to the Department of Public Instruction by July 5. If approved, the proposal will be submitted to the voters on the election ballots at a subsequent election.

Object of Proposals

Object of the proposal, he stressed, is better schools. There is no intention of transporting grade school children long distances but by setting up grade schools of not less than 180 pupils and junior-senior high schools of not less than 350 pupils they can be offered more educational advantages. After his talk he answered a great many interested questions from the audience.

John C. Miller, of Aliquippa, running for state senate in the Republican primary, was introduced and spoke briefly.

In a report on the progress toward securing a child welfare worker for Lawrence county, Mrs John E. Elliott said that she wished to make clear that such a trained worker as the group is interested in securing for the county would work not with juvenile delinquents but with neglected and dependent children, for whom at present there is no concerted provision here.

Current status of the new senate bill 2242 regarding the admission of displaced persons, the European Recovery program, and of rent control were outlined by Mrs. W. A. Confer.

It is planned to have the April meeting an evening meeting, the date to be announced when the program planned is a discussion of party platforms.

Milk Price Orders Issued In State

HARRISBURG, March 25—(INS)—The spring milk price cut will be only one cent a quart and effective during May and June in 15 eastern Pennsylvania counties under orders issued today by the Milk Control Commission.

The orders, which wipe out the seasonal scale that would have dropped rates two cents April 1, were the result of a "compromise" in the three-man board.

They will fix rates at 19 cents in Lancaster, York, Dauphin, Lebanon, Cumberland and Perry counties and 19½ cents in Philadelphia, Montgomery, Chester, Bucks, Delaware, Northampton, Lehigh, Berks and Monroe counties.

Present rates, a cent higher, will continue through April and revert July 1 for the remainder of the year.

KILLED IN PLUNGE

PITTSBURGH, March 25.—(INS)—Funeral services were arranged today for a 42-year-old window cleaner who was killed Wednesday when he fell from a fourth floor window.

Andrew F. Foster, an employe of the Penn Window Cleaning company, Pittsburgh, had been working without a safety belt when the accident occurred.

The police said there was no way of fastening the belt on the large windows Foster was cleaning.

Newts have the power to replace legs and eyes lost in accidents.

MEAT SUBSTITUTES

When the price of meat is high, people begin to look around for something to take its place.

Meat is our principal source of animal protein.

Vegetable protein is valuable, but its value is greatly increased if it is combined with animal protein.

A substitute is usually second best.

Meat has some qualities which other articles of food do not provide.

Perhaps the best substitutes for meat are eggs and cheese.

When eggs are expensive they do not make a very economical substitute.

Cheese provides a good quality of animal protein.

When cheese is substituted for meat a generous amount of different vegetables and fruit should be included in the diet.

Highway Department Office Opens Three Day Holiday Period

Pennsylvania Department of Highways will close tomorrow for Good Friday and with the local office being closed Saturday every week, employes of the department will enjoy a three day holiday period, it is announced today by Alfred A. Martin, County highway superintendent.

Workmen of the maintenance department are working in varied locations remedying conditions brought on by recent high waters and the winter weather that has just past. The road leading from Wilmington Junction to Neshannock Falls, has been posted with lanterns and a temporary warning barricade letting passing motorists know that a danger condition exists where the road has been partially washed out.

A similar condition exists on Route 18 near Wampum where the highway was damaged by the high waters. Workmen are eliminating the trouble as fast as possible and soon as the condition is alleviated the warning barricades will be removed.

CHILDREN OF EDUCATION

Married couples who are college graduates have an average of one and three-quarters children. Couples who did not reach the seventh grade have an average of approximately four children.

The constant breaking of the ocean waves, according to the Encyclopedia, is very important in mixing oxygen with the water for the benefit of marine animals.

Not voting: Republicans, Gallagher, Dague and Gross.

Weapon Superior To Atomic Bomb Developed By U. S.

NEW YORK, March 25.—(INS)—Glenn L. Martin, pioneer aircraft builder, said on Wednesday that America has developed an offensive weapon superior to the atom bomb.

"It is the radioactive cloud—the greatest killer of human beings ever devised," Martin said in an interview in New York.

"I'd be in favor of using it before I'd become slave to another nation. And as for its effects—I wouldn't want to visit any nation that got a taste of it for a year afterward."

Coal Strike Board Of Probers Named

WASHINGTON, March 25.—(INS)—President Truman late Wednesday selected a federal judge, a professor and labor expert and a newspaper publisher for the three-man board to investigate the dispute between John L. Lewis and the soft coal mine owners.

He named Federal Judge Sherman Minton of the seventh circuit court of appeals, Dr. George W. Taylor, University of Pennsylvania professor and former War Labor Board chairman, and Mark Ethridge, publisher of the Louisville Courier-Journal.

The three-man board has been directed to examine the "facts' in the 10-day strike of 400,000 miners and report "on or before April 5".

Miss Paton Gets Nursing Diploma

Miss Margaret Jean Paton, daughter of Mr. and Mrs. John Paton of R. D. 1, New Castle, graduated on last Friday evening from the Peoples Hospital School of Nursing in Akron, O.

Special commencement exercises were held in the Grace Reformed church of Akron, at which time the members of the graduating class received their diplomas and pins. Later a reception was held in the nurses home of the Peoples hospital.

Miss Paton is now on the nursing staff at the Peoples hospital and has also registered at Akron university, where she is taking work towards a science degree.

Attending the exercises from New Castle were Mr. and Mrs. John Paton, son John and daughter Ann; Mrs. A. J. Cowmeadow and Margaret Cowmeadow.

BOOMERANG REAL WEAPON

The Australian boomerang, or Kiley, as it used to be called, says the Encyclopedia Americana, is quite a weapon. The war model used by the natives does not return to the thrower as does the more familiar sporting boomerang. The war boomerang travels in a straight line and is capable of breaking a man's arm or even killing him at a range of 500 feet!

"THANKS A MILLION"

Your cooperation in saving heating oil has helped us through one of the toughest winters in years

HERE'S WHAT YOU DID

Your cooperation in the conservation of fuel oil helped *all* of us through one of history's toughest winters—and we're mighty grateful to you.

The entire community was helped by your thoughtfulness and cooperation. Keeping home temperatures at moderate levels . . . keeping heat *in* by shutting doors and windows, closing off unused rooms . . . installing storm windows and insulation – all helped greatly, and enabled us to supply necessary fuel oil for schools, public buildings and industry.

Because of cooperation on the part of all, the "pinch" in supplies this winter caused a minimum of serious hardship. Remember too, this coming summer and next winter to use oil products wisely. There should be enough for all your real *needs*, but there may not be enough for all your wants. For your help in conserving fuel, we say *sincere thanks.*

HERE'S WHAT WE DID

To keep you supplied with as much fuel oil as it was humanly possible to deliver, the oil industry went on a 24-hour round the clock work schedule. Actually, the amount of fuel oil produced this winter exceeded last year by 23%. Despite unusually severe weather conditions, thousands of drivers, yardmen, bulk depot operators, service men worked night and day to keep the oil coming through to you.

Today the entire oil industry is working to meet the greatest demand for petroleum products in our history. Over 4 billion dollars is being spent on new equipment and facilities and despite the all-time high demand, a record of a trillion gallon oil reserve is being maintained.

We hope you weren't too inconvenienced by the "pinch" in supplies this past winter, and we thank you again for your friendly cooperation!

In a never ending search for petroleum, new wells are being drilled every day. The number of producing wells in the U. S. is up 10% over 1941.

This comparison between production of oil products in 1941 and 1947 illustrates the records set by the oil industry in its work to keep you supplied.

This year 23% more fuel oil was produced than last year. But the tremendous increase in oil burners made voluntary conservation necessary.

Today, more cars, trucks and busses are on the road than ever before. Other big users are farm machinery, trains and commercial planes and industry.

Christ Lutherans To Gather Friday

Members of Christ Lutheran church, East Washington at Beckford street, will assemble Good Friday evening at 7:30 o'clock in the sanctuary for a special Easter service.

At that time the sacrament of the Lord's Supper will be observed. Rev. M. H. Lobeck, pastor, has chosen "Behold, the Lamb of God" as his sermon theme for the evening.

Three Nations In Joint Effort Against Reds

By JOHN A. REICHMANN
(I. N. S. Staff Correspondent)

WASHINGTON, March 25.—The United States, Britain and France are virtually committed today to an anti-Communist front in world affairs and a joint effort to push back the iron curtain wherever possible.

The agreement has not yet been formalized. But it has operated in many ways in the past, through concurrent action.

The nearest approach to formalization came last Saturday when the three powers proposed that the free city of Trieste, predominantly Italian, be restored to Italy. This itself implied a degree of consultation which had been kept undercover in the past.

However, it is well known in Washington that immediately after the Czech coup and the "suicide" of Jan Masaryk, that Ernest Bevin and Georges Bidault, British and French foreign ministers, proposed to Secretary of State George C. Marshall that some action be taken. London and Paris opposed a three-power statement since this would indicate the impotency of their movements.

The last definite word that the three governments will consult continuously during the current European crisis came from the state department. It said that "the closest consultation on all matters of mutual interest" would be established.

Farm Show Date Set For January

State Commission Turns Down Proposal For Show During November

HARRISBURG, March 25.—(INS)—The state farm show commission on Tuesday vetoed a proposal to switch the traditional date for the annual agricultural exposition from January to November.

The commission fixed January 10 to 14 for the 1949 indoor show.

Requests for an autumn exhibition had been made by beef and dairy cattle associations.

But apple and potato growers, turkey, swine and sheep exhibitors said they could not offer their best exhibits before the beginning of the year, according to the commission.

The traditional January period falling in the second week of the month has been observed since the first farm show was held in 1917.

"Change in date has been advocated for many years and the question is not new to farm show commissions," said State Agriculture Secretary Miles Horst, commission chairman.

"The present commission believes the best interests of all agriculture will be served through retention of the January date," he explained. "The farm show originated as a feature of annual mid-winter meetings of farm organizations and comes at a time when farmers are able to leave their work more easily than at a time when harvesting is not completed."

Horst announced the commission plans to improve the 30-acre parking lot surrounding the mammoth exhibition buildings at Harrisburg and to provide improved eating and other facilities for the annual 500,000 fair-goers.

Old Landmark Is Being Razed

Another old New Castle landmark is being razed in the paths of progress, in the razing of the old Crowther home at the corner of North Jefferson and Falls streets.

This house, which is over 100 years old, was erected by Jonathan Crowther, who came here from England and is reputed to have introduced the puddling of iron into western Pennsylvania.

The property is now owned by Marco Call and will be converted into business uses, it is understood.

Big Shipments To Soviet Shown By U.S. Figures

WASHINGTON, March 25. — (INS) — Government figures disclose today that the United States has been sending supplies to Russia recently at nearly triple the dollar volume of 1939.

This was revealed as Secretary of Commerce Harriman was summoned before a House armed service subcommittee for questioning on the shipments.

Unpublished figures from Harriman's department show that in January of this year, the export value of aircraft engine parts and plane accessor was 40 times greater than in the same period of 1947, and completely dwarfed shipments in that category during 1939.

Seek To Curtail

High government officials are reportedly drafting a presidential proclamation to further curtail shipments of airplane engines and other potential war materials to Russia and her satellites.

Rep. Shafer (R) Mich., chairman of the group which called Harriman, declared that in view of reports, he is launching a full-scale investigation of exports to the Russian family of nations.

A comprehensive survey of latest available statistics indicates that Russia is combating tighter export controls over many "war potentials" by switching her purchasing pattern to other sartegic materials.

Commerce department files show that exports to the Soviet averaged only four million 700 thousand dollars a month in 1939 but soared to a monthly average of twelve million 400 thousand in 1947, fifteen million 300 thousand last December and seven million 500 thousand last January.

Heavy industrial machinery and vehicles accounted for about 84 precent of Russia's total goods from the United States in January, 1948 and approximately 70 percent during 1947.

Shipment of airplane parts, including engines and accessories, rose from $2,000 in January, 1947 and a monthly average of $35,000 in that year to more than $83,000 last January.

Around Hollywood

By JOHN TODD
International News Service Staff Correspondent

HOLLYWOOD, March 25—(INS)—An actress can be a success in Hollywood without knowing a thing about acting.

Lovely Janet Blair admitted today:

"You dont have to be an actress if you can qualify for the 100-yard dash in the Olympics, swing by your toes from a trapeze and or hurdle six 'bad guys.'

"Next time you see a gal who is supposed to be a comedienne, regard the lass with awe. And then examine her muscles."

Sigh Of Relief

The blonde screen cutie, still black-and-blue from her latest film frolicking, heaved a huge sigh of relief—happy because she had wound up her chores in a movie called "Fuller Brush Man" without having spent a single day in the hospital.

She portrayed the part of Red Skelton's gal friend in the Columbia studio flicker. And just for the record she wants all to know that she performed—without benefit of a double—the following chores:

For two days she hung from wires at the top of a loft-high movie set. She took a swan dive (into a net) from the roof of a prefabricated house fourteen times before the scene was okayed for public consumption. She literally galloped miles for three more days during chase sequences.

Janet added.

"An actress doesn't have to fret about dieting when she has a picture assignment with Skelton. I lost fifteen pounds and picked up fifty bruises.

"A few years ago I was a singer for the late Hal Kemp, touring on one-night stands, week after week, was a picnic and a bed of American beauties compared to 'Fuller Brush Man.'"

One night this week Janet caught a "sneak" preview of the picture in a hamlet some sixty miles from Hollywood. She was more surprised than anybody; her pretty profile actually registered other emotions than fear. She laughed. Languished. Leered. All in the correct places.

Miss Blair beamed:

"My contract with Columbia is up late next month. But I am not going to re-sign, even if the bosses have offered me a healthy hike in pay."

She is seriously considering offers from Broadway that have been pouring in upon her. And Janet is mulling, as the poets would say.

Mulling . . . and resting . . . and massaging sore muscles.

Kennedy Is Named Elks Exalted Ruler

Other Officers Elected For Year At Meeting Of Elks Wednesday Night

Reuben O. Kennedy was elected Exalted Ruler of Lodge No. 69, Benevolent Protective Order of Elks at the annual meeting held Wednesday night, March 24. Mr. Kennedy succeeds Fred D. Moser who is presently serving as Exalted Ruler.

With Mr. Kennedy the following officers were named: Esteemed Leading Knight, Allen I. Garyin, Esteemed Loyal Knight, Thomas S. Armstrong. Esteemed Lecturing Knight, George K. Stitzinger. Secretary, Verne R. Carr. Treasurer, Bertram Davis. Tyler, Charles Zimmerly. Delegate to Grand Lodge convention in Philadelphia, Reuben O. Kennedy. Alternate Delegate to Grand Lodge convention, Fred D. Moser. Trustee, Arthur E. Carlson, Delegates to the convention in Reading in September, Arthur H. Carpenter and John G. Moore.

The annual meeting attracted one of the largest crowds of members in many years. During the business meeting the matter of the Elks National Foundation was up for consideration. The Foundation is a national project of the Elks designed to provide scholarships for worthy youngsters, provide surgical aid for crippled children and aiding in veterans' work.

Guy J. Wadlinger is the chairman of the committee and with him upon the committee are F. D. Moser, Bertram Davis, Abe Levine, J. W. Staudinger and Verne R. Carr.

YEAST ROLLS IN A HURRY!

1 HOUR AND 15 MINUTES from Start to Finish!

When you use high protein King Midas Flour in making up these rolls, you can be sure they'll turn out light . . . tender . . . rich with mellow, wheaty flavor. And King Midas makes yeast doughs that are easy to work with, too.

QUICK PARKERHOUSE ROLLS

1 cup milk
1 package yeast, compressed or dry granular
1 tablespoon sugar
½ teaspoon soda
3 cups sifted King Midas Flour
3 tablespoons melted shortening

Scald milk. Cool to lukewarm. Add yeast, sugar and salt. Add 1 cup flour and beat until smooth. Beat in shortening. Add remaining flour. Knead until smooth and satiny (about 5 min.). Place in greased bowl, cover and let rise until doubled in bulk (about 30 min.). Roll dough ¼" thick on lightly floured board. Spread with melted butter or margarine. Cut with 2" biscuit cutter, fold each biscuit in half and seal edges firmly. Place rolls close together on greased baking sheet or in pan. Let rise until doubled in bulk (15 to 20 min.). Bake in moderately hot oven (425° F.) about 15 min. Yield: 2 dozen rolls.

Grain-Saving Agreement Seen

Expect Brewers To Accept Proposals

WASHINGTON, March 25.—(INS)—The nation's brewers are expected today to accept a proposed voluntary grain-saving agreement but the move will have little effect on the quantity or quality of beer available.

The agreement is the first to be formally submitted to an industry under terms of the Taft anti-inflation act passed at the special session of congress last December.

The plan, drawn up by the agriculture department in conferences with the industry, calls for a ban on use of wheat and table grades of rice and a 15 per cent cut in consumption of other scarce grains.

It would permit brewers to use five per cent more malted barley than last year. But this commodity is in plentiful supply and is suitable only for beer making.

The saving in scarce grain is estimated at three million bushels a year and the net saving at one million 750 thousand bushels.

Beer producers say it will not mean a reduction in output or any lowering of quality.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Gets First Ship Passage To Germany Since War Started

Mrs. Emma Mikowitz, of the Butler road, has the distinction of being the first person in this district to secure ship passage to Germany as a passenger, since the start of World War II. Mrs. Mikowitz is going to Germany for a visit.

Ship passage was arranged for the trip by Martin Leonhardt, manager of the Foreign department of the Peoples Bank. Mrs. Mikowitz will sail from New York, March 26. She will land in Bremerhaven.

Union Firemen At Grass Fires

Union Township fire department was called to assist in quelling two grass fires on Wednesday afternoon.

The men received their first call from the Sixth ward department to aid in fighting a stubborn grass fire in the Patterson avenue area. The fire was creeping up on a wood pile and the men from the two departments were able to put the blaze out.

At 4:30 p. m. Union firemen were called to assist the Neshannock Township men in a stubborn brush and grass fire off the Pulaski road. The departments brought the blaze under control.

REMOVE WINDOW

Someone broke, then sawed out a window in the Haney warehouse, rear 28 North Beaver street, Wednesday morning, according to a police report.

First labor organization was formed in England about 1750.

Four Are Killed In Accident At Bethlehem Plant

BETHLEHEM, Pa., March 25.—(INS)—At least four steelworkers met a fiery death and 13 others escaped with burns today in a blast furnace accident at the Bethlehem Steel Co. plant.

The fourth man, identified as Augustus Knecht, of Nazareth, Pa., died this morning in a hospital from severe burns. Three others, charred beyond recognition, and still unidentified, were killed almost instantly.

Meanwhile, a grim search is underway for more possible victims.

The men were trapped when white-hot molten coke erupted from an air-blowing pipe in the furnace last night with a flash visible for 20 miles as the men prepared to bank it.

Community Service At Westfield Sunday

Easter Sunday services at Westfield Presbyterian church will open with a sunrise community assembly at 6 o'clock. Members of Moravia Presbyterian, Mt. Jackson U. P., Bethel U. P. and Westfield congregations will join in the meeting. "The Resurrection Morning" is the theme of the program which has been arranged by the host church.

Rev. John M. Fife, pastor, has chosen "The Emmaus Walk," as his sermon subject for the 11 o'clock service, when there will be infant baptism. "The Easter Story," a film strip, will be shown Sunday evening at 8 o'clock. The Lord's Supper will be observed at Westfield church this evening at 8 o'clock. New members will be received at that time.

Big Grass Fire On Pulaski Road

Neshannock and Union Township firemen were called into action, when a large area between the Shenango river and Pulaski road was swept by a grass fire of huge proportions, Wednesday afternoon.

Firemen succeeded in preventing the blaze from reaching homes and outbuildings in the path of the blaze after heroic work.

Do you clip Recipes?

ARE you the clever, alert type of housewife, always looking for new ideas? Do you clip recipes, dislike fads, love your home?

Then you'll be interested in a hint that will help make all your kitchen tasks easier and quicker. Try fluorescent lighting! You'd enjoy a well-lighted kitchen like this, with fluorescent lighting over your range. (Note how the bracket shelf, shielding the lamps, allows plenty of light up and down).

And you'd love a ceiling unit, with two 40-watt fluorescent lamps, for general illumination.

Better lighting, whether it's fluorescent or incandescent, can add charm and comfort to any room in the house. You'll be surprised how little it costs.

Why not find out what a few simple and inexpensive lighting improvements can do for your home?

Release Figures On Township Road Work

HARRISBURG, March 25—(INS)—Pennsylvania's 1517 second class townships completed $2,025,157 worth of road construction with the help of state and county funds during 1947, it was reported today by the state highways department.

The political sub-divisions built 211 miles of new roads at $3600 a mile for a total cost of $763,533 and topped road beds built earlier with bituminous, the department said. The surfacing was pegged at $1,210,321. Nine bridges were erected at a cost of $51,302.

Total area under improvements and construction last year amounted to 413.6 miles.

TIGHTNESS ESSENTIAL

Keep the automobile hood latch tight to prevent noise and spare the latch itself. If permitted to vibrate, the screws attaching it to the frame may crystalize and break.

Local Architects Receive Contract

Announcement has been made by the board of trustees of the Greenville hospital that the W. G. Eckles Company, of this city, have been chosen to draw the plans for the addition to the Greenville hospital, which will be gotten under way in the near future.

Kiwanians Hear Easter Message

Rev. J. Paul Graham Brings Easter Thoughts To Members At Luncheon Meeting

Rev. J. Paul Graham, pastor of the Third United Presbyterian church brought a timely Easter message to the members of the New Castle Kiwanis Club, at their noon luncheon meeting, in The Castleton, Wednesday, when he spoke on the topic, "By-products of Easter."

Everything at this season of the year points to a great revival of religious feeling, Rev. Graham pointed out, and it is worthy of us to consider these thoughts.

All eyes are focused on the church and what it is doing, he stated. People are interested in the fundamentals of the Christian faith and take more interest in them. It is also a time, he stated, when the great music of the church is heard in the church and even in secular programs.

In conclusion, he stated, it is also a time when people consider their personal relationship to God, and get in tune with the times.

Big Order Is Placed For Diesel Equipment By Pennsy Railroad

Order 114 New Diesel Locomotives And 2,300 Freight Cars In New Program

PHILADELPHIA, March 25.—(INS)—The Pennsylvania Railroad announced today that it has ordered 114 new diesel-electric locomotives and 2300 freight cars as part of its 157 million dollar postwar improvement program.

Added to what the railroad already has called for, the new orders bring the postwar total to 374 diesel locomotives, 4400 freight cars and 395 passenger cars.

Deliveries During 1948

President M. W. Clement, in announcing for the first time the total of the railroad's new equipment program, said the new units will cost 149 million dollars, while the modernizing of other passenger cars will total over eight million dollars.

Clement explained that production difficulties are delaying receipt of new equipment.

"Out of a total of 257 sleeping, dining and feature cars ordered early in 1946, only two cars have yet been received due to difficulties encountered by the car builders," he said.

He expressed confidence, however, that deliveries "will be under way in volume before the end of the present year".

Governor Dewey Makes Plans For Delegate Drive

By LEO W. O'BRIEN
(I. N. S. Staff Correspondent)

ALBANY, N. Y., March 25.—Governor Thomas E. Dewey made plans today, for an out-of-state drive for delegate support of his avowed candidacy for the 1948 Republican presidential nomination.

During the next two months the 1944 GOP presidential nominee will visit and speak in several states where he is involved in contests for delegates with other aspirants to the nomination.

Whether Dewey will go to Wisconsin before the April 6 primary there is expected to be known by tomorrow. It is believed that the New York governor will visit Wisconsin to get into the fight for the state's 27 delegates between himself, General Douglas MacArthur and Harold E. Stassen.

The Nebraska primary, in which the names of numerous candidates have been entered, will take place April 13 and the Oregon primary on May 21.

There is a possibility Dewey will speak in all three states prior to their primaries.

Some of the governor's advisors have been opposed to a personal visit to Wisconsin before the primary on the theory that a setback for him there, following a visit to the state might be fatal to his chances.

Dewey supporters in Wisconsin, however, have persisted in their pleas that he make the trip.

Many Women Are Seeking Seats In State Legislature

By SUZANNE FLICK
(I. N. S. Staff Correspondent)

HARRISBURG, March 25.—The "new look" may swish through the staid legislative halls at the State Capital if women seeking general assembly posts are successful.

Spurred by a desire for public service, and possibly the $5,400 biennial salaries attached to the part time jobs, 16 women have set their sights on the State House of Representatives.

None, however, filed for the State Senate where the pay is just the same but a little more decorum prevails.

Of course, even if they win party nominations in the April 27 primary election, they must battle it out November 4 with male opponents.

Many Seek Election

The big, and sometimes noisy, House of Representatives somehow seems to be attractive to more than the usual number of ladies.

They include incumbent Representatives Jeannette M. Dye (R) Mercer, seeking a third term and Henrietta C. McCosker (R) Philadelphia, running for a second term. Mrs. Mario Munley (D) Lackawanna, who never served during a legislative session but was chosen in a special election in September to succeed her late husband, Rep. Robert W. Munley, also wants a full term.

Attempting comebacks are former lawmakers Mary A. Varallo, a Philadelphia jeweler, running in the Third district, and Mrs. Josephine C. Coyle, Philadelphia housewife, campaigning in the 10th district. Both are Democrats. Both served during the 1945 session of the Assembly when seats were held by four women.

Seek Terms In House

In addition to the incumbents, only two other Republican women ventured to seek terms in the House.

They are Mrs. Elizabeth M. Swearingen, Oakdale housewife, hoping to represent the 12th Allegheny county district, and Jeanne A. Caldwell, Erie mimeograph operator, running in the First Erie district. Both will bump up against incumbent male lawmakers in their campaigns.

All other female candidates for the House are Democrats.

Four from Philadelphia are Ella W. Ostroff, executive, Fourth district; Mrs. Mattie Johnson, Eighth district; Mrs. Mary B. Korr, 17th district; and Mrs. Susie Monroe, 23rd district, all housewives.

Running from Armstrong county is Jessie B. Boyer, of Rural Valley, listed as a merchant.

Chester county has a candidate in Mrs. Bena M. Shupe, Phoenixville housewife, who filed from the Second district.

Others are Sara S. Mann, Columbia, clerk, 2nd Lancaster county district; Mrs. Mario R. Wilcox, Montoursville housewife, Lycoming countywide district; Mrs. Emily L. Ehle, Narberth housewife, 1st Montgomery county district and Mrs. Mary M. Douty, Elkins Park housewife, 3rd Montgomery county district.

But the names of eight women will appear on ballots for delegates to the national convention. Two each were slated by the Republican and Democratic State Committees for delegates-at-large and two each for alternates.

Seventy-three of 256 candidates for State Republican and Democratic committee posts are women.

Shelby Choir Will Sing At Oak Grove

Shelby Male choir will present a concert Tuesday evening, March 30, in Oak Grove U. P. church. This group of over 40 voices is under direction of James F. Croft with Miss Irene Rotnour serving as accompanist. Members of the choir will volunteer their time for this service.

The concert is being given under the auspices of the Slippery Rock District Youth council which is composed of young people from Mt. Hermon and Princeton Memorial Presbyterian church, Rose Point Reformed Presbyterian, Center and Oak Grove U. P. churches. Members of this group have undertaken as their project for this year the shipping of "CARE" packages to various countries starting alphabetically and going through the list as far as possible. Twelve shipments have already been made. An offering will be taken Tuesday evening to help in supplying food for these countries. Entire proceeds of the concert will be used for this fund.

Cuba has about the same area as Louisiana.

BACON COOKS IN OVEN

When bacon is cooked in the oven the slices need no turning. Simply place the pieces on a wire rack with a pan underneath to catch the drippings and bake in a hot oven — about 400 degrees Fahrenheit—for about 10 minutes.

Drive slow—children move fast.

The International Uniform Lesson on the above topic for March 28 is John 21:1-14, Colossians 3:1-4, 12-17, I John 5:11, 12.

By NEWMAN CAMPBELL

In these troubled times, when the Soviet Union is extending its rule over more and more formerly free nations, using suppressive measures to all who do not submit to its ideology, we are reminded again and again of the time of Jesus, when to confess to being a Christian was to invite persecution.

In the Holy Land, too, where the Lord lived, died and rose again, at this Easter time there is bitterness and strife, as the Jewish people battle for a homeland in the country that once was theirs.

After His resurrection, Jesus had appeared twice to His disciples. Now He appeared to them again on the beach at the Sea of Tiberias (or Galilee). It happened in this wise: Simon Peter, Thomas, Nathaniel, the two sons of Zebedee, and two other disciples, were together. Peter said he was going fishing, and so all said they would go too. They boarded a small fishing ship and fished all night, without catching a fish.

When morning came they were near the shore and saw a man on the beach. It was Jesus Christ, but "they knew Him not". He called to them, "Children, have ye any meat?" or as we wouyld say, "Have you caught anything?" They answered, No.

"And He said unto them, Cast the net on the right side of the ship, and ye shall find. They cast therefore and now they were not able to draw it for the multitude of fishes.'

John, the beloved disciple, first recognized Jesus and said to Peter, "It is the Lord." When Simon Peter heard this he threw himself into the sea, presumably to swim or wade ashore to meet the Master. The others came in the little ship dragging the net with the fishes.

When they came to land they saw there was a fire on the beach and fish laid thereon, and bread. Jesus told them to bring the fish they had caught. Peter drew the net to land full of "great fishes", 153 of them, but even with so many the net had not broken.

Jesus said to them, "Come and dine," and none of the disciples dared ask Him, "Who art Thou?", knowing it was the Lord.

Jesus took bread and gave it to them, and also fish. And this was the third time the Risen Lord had shewn Himself after His resurrection.

At first thought it might seem strange that Jesus should address these men, many of whom were older than He, as "children", but it was a sweet, affectionate way of greeting those who had for so long been His constant companions.

After these appearances of Jesus and after He had left them and gone to His Father, they preached His gospel everywhere, without fear and with great success. He had gone, but His spirit was with them, and they would one day share His glory. Whether death came to them by martyrdom or naturally, their future was sure and they were not afraid.

In his letter to the Colossians, Paul pleads with them to look up to things above, not down on things of the earth. "If ye then be risen with Christ, seek those things which are above, where Christ sitteth on the right hand of God."

Their reward would come, he wrote, for "When Christ, who is our life, shall appear, then shall ye also appear with Him in glory." This was the promise to these friends who were often in danger of thier lives merely by being known as followers of Christ.

John, in his first epistle, also pleads with his fellow Christians in Colosse, a great city in the province of Asia, and he urges them to live in love with one another while still on the earth.

"Beloved, if God so loved us we ought to love one another.

"No man hath seen God at any time. If we love one another, God dwelleth in us, and His love is perfected in us."

These early Christians, those who had known Jesus when He was on earth, and those who followed shortly after, had the spirit of the Risen Lord in their hearts and in their lives. "Go thou, and do likewise!"

Rate Proposals Get Approval

P. U. C. Approves New Power Co. Schedule

HARRISBURG, March 25. —(INS)—A proposed rate reduction amounting to an estimated $254,862 a year by the Pennsylvania Power Co., today carried public utility commission approval. The proposed reduction will become effective April 16.

Bills of 50,511 customers, principally residential, will be reduced approximately $267,301 a year, the commission said. Rates of 816 customers will be increased $12,439 annually while charges to 10,005 others will remain unchanged.

The company furnishes electric service to 61,332 consumers in Allegheny, Beaver, Butler, Lawrence and Mercer counties.

Extension of a fuel adjustment provision to all classes of customers, except residential and water heating service, will result in increases to a few customers, but others, to whom the coal-cost adjustment has been applicable in the past, will benefit by a rate reduction, according to the PUC.

Gum Machine Racket Halted By Police

PHILADELPHIA, March 25.—(INS)—It's okay to put a penny in the gum slot, say Philadelphia police, but not if you have to take your chances on getting a stick of gum.

Armed with this staid ruling, the city's finest marched into four stores in south Philadelphia and confiscated four bubble-gum machines.

The gadgets take the customer's penny and give from nothing to five pieces of bubble gum, depending on the operator's skill—or luck—in twisting a lever which flips balls to a mechanical man holding a hat.

"Terrible, terrible," says the law. They don't want to see the kids go broke.

But the kids were far from grateful.

"Gee," said the kids, "that was the only machine we could beat—it was a pushover."

Capitol Workers To Work Summer Hours

HARRISBURG, March 25—(INS)—The state capitol working schedule is slated today to be adjusted to "daylight saving time" in spring and summer months.

Officially, the working period merely will be set ahead an hour between April 26 and September 25 since eastern standard time is the only legal time in the state.

Offices will open at 7:30 a. m. and close at 4 p. m. during the week. Skeleton forces will be on duty between 7:30 and 10:30 a. m. on Saturdays.

TOONERVILLE FOLKS By FONTAINE FOX

From the distaff used by ancient Egyptian women to make thread for cloth, man has come a long way. Today, says the Encyclopedia Americana, spindles used to make threads from fibres turn at the almost incredible speed of 10,000 revolutions per minute! The three basic general principles of modern spinning machines, however, dates back to about 1768—only speed has been added since then!

Bessemer Churches Observe Holy Week

Members of the Presbyterian, Swedish Mission Covenant and Pentecostal churches of Bessemer are joining in union services this week with special features each evening. The meetings are being conducted at 8 o'clock in the Presbyterian church.

Wednesday night the girls' chorus of the Covenant church sang appropriate music. Rev. E. Chester Crabb, pastor of the host congregation was the speaker. A candlelight service will be conducted Thursday evening. At that time the Presbyterian choir will sing "Were You There?" by Burleigh and "God So Loved the World," by Stainer.

On Friday evening the combined choirs of the three churches will sing "Seven Last Words," by Dubois.

When moving to a feeding place, certain caterpillars, known as army worms, proceed in a line with the head of each touching the tail of the caterpillar in front.

EDENBURG

The members of the Christian church will sing the cantata on Easter Sunday morning in the church "The Thorn Crowned King" by Fred B. Holton.

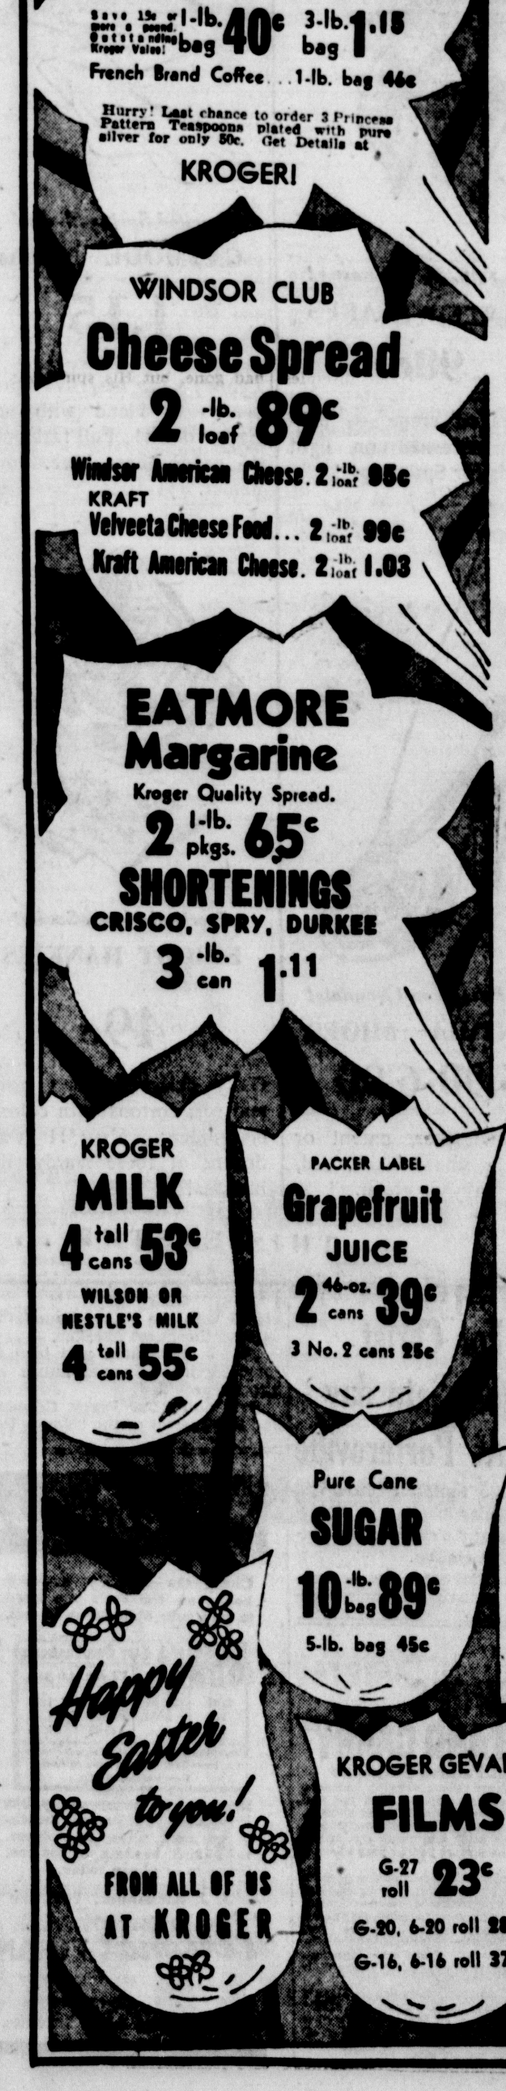

Mr. and Mrs. Alfred Graham attended the funeral of their cousin, Ada McArthur, at Youngstown on Saturday.

Ballot Contract Given To Street

Nearly 80,000 Ballots To Be Printed For Primary Election April 27

Albert Street, operating the Miller, Pyle and Street company was awarded the ballot contract on Wednesday. His price was $12.85 per thousand, with 79,167 ballots to be printed.

Other bidders were the Globe Printing Company of New Wilmington at a price of $16.35 per thousand and the Universal Printing Company at a price of $18 per thousand.

The ballots will be divided as follows. For the Republican ticket there will be printed 31,716 official ballots, 2,886 official specimens, 2,886 official reserve and 579 specimen reserve ballots. For the Democratic ticket there will be printed 11,903 official ballots, 1,084 official specimens, 1,084 official reserve and 206 specimen reserve. For Daylight Savings proposal in New Castle there will be printed 22,341 official ballots, 2031 official specimens, 2031 official reserve and 410 specimen reserves.

GOOD CLOCK—BUT

Sometime ago the county commissioners had the clock in the tower of the court house improved at a cost of about $1,200. The works were electrified and the clock was supposed to be in fine shape to give passersby the time of day.

The clock works properly, and seems to be all right for everything but telling time. A black circle was painted around the face on each of the four sides all of which serves to put a color combination together that makes it next to impossible to see the time. It was suggested that neon tubes be hung on each hand but this was impractical the company which repaired it said. It needs some paint or something that will afford sufficient contrast to be able to tell time.

CLOSED FRIDAY

Offices of the court house will be closed all day Friday, in observance of Good Friday.

TAX AND RENT DISPUTE

By resolution the county commissioners on Wednesday voted to remove a property on North Jefferson street from the treasurer's sale list, but the resolution is disputed by County Controller Andrew M. Dodds.

The property is the old justice property which was sold by the county to John C. Travers in March 1944. At that time there was a flaw in the title and the county, did not get it cleared until August. Travers claimed he did not owe taxes until the title was passed. The county has a tax bill for 1944 against the property and the treasurer had placed it on the sale list. It may take a court action to determine who is right.

Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Y.W.C.A. Teams Make Reports

Today's Totals Show 1,715 Members And $2,715 In Cash In Drive

EXTEND CAMPAIGN UNTIL APRIL 29

YWCA Membership teams reported 1715 members and $2,517 in cash and pledges at their 4th report meeting today. This is 187 members and $291 cash more than the fourth report last year but 72 members and $89 cash less than the total of 1787 members in 1947.

Since several former members are still out of town or have not been contacted, the membership workers voted this morning, to extend the YWCA Membership Ingathering to Thursday evening, April 29 during National YWCA week, when the final report will be made public.

Teams which have topped their last year's total include the First Baptist, Mahoning Christian, St. John's Lutheran, Reformed Presbyterian, Christian Missionary Alliance, New Wilmington, Jr. Business Girls, International Institute Mothers, First Christian, First Presbyterian, First Methodist, Second U. P., Trinity Episcopal, Mahoning Methodist, Italian Mothers, Union Baptist, St. Paul's Baptist, Modernette Club, and Friendship Club.

Mrs. James Moorehead thanked all the teams for their splendid work in securing this goodly number of members and, at the same time, urged them to complete their work cards and to secure more new members.

On Thursday, April 29 there will be a special National Service of Re-dedication for all YWCA members in which it is planned the New Castle YWCA members will cooperate.

Dr. R. H. French To Speak At Third U. P.

Dr. Robert H. French, pastor of First U. P. church, Butler, will speak Easter Sunday at 6:30 o'clock at a sunrise service in Third U. P. church. Special music will also be offered by young people of the church. The service is being sponsored by the three youth groups of the congregation.

Sunday evening at 7:30 o'clock the choir, under direction of Elmer Kanagy, will present an Easter cantata. Miss Lillian Sarver will serve as accompanist. Friends and neighbors of Third church will be welcome at both services.

Secretary Marshall Assails Russians' Actions In Berlin

(BULLETIN)

WASHINGTON, March 25. — (INS)—Secretary of State Marshall today denounced Russia's independent activities in Germany and charged that American postwar efforts have been largely frustrated by Soviet tactics.

Marshall implied that the recent walkout of the Soviet delegation on the Berlin control council indicates an intention of renouncing the four-power agreement.

The Secretary of State also sharply criticized the so-called German peoples congress, which he labeled a Communist party organization.

He told a news conference that it was a cruel reception of the German people to attempt to impose minority representation—repudiated by everyone but the Communists—rather than genuine representation.

Service Tonight At Highland U. P.

Members and friends of Highland U. P. church will gather this evening at 7:45 o'clock in the sanctuary for the traditional candlelight service. This observance is one that has come to be anticipated each year for its beautiful simplicity.

QUARRYMAN KILLED

LANCASTER, Pa., March 25.—(INS)—A 56-year-old quarryman suffocated today beneath tons of loose rock which had tumbled into a truck from a clogged loading chute he had been trying to open near Vintage.

Deputy Coroner G. W. H. Frew, of Paradise, identified the man as Andrew G. Landis, of Lancaster, R. D. 7, father of eight children.

CHINESE COMMUNISTS HELD

LONDON, March 25.—(INS)—Reuters reported today from Shanghai that 40 Chinese Communist leaders accused of plotting the sabotage of Shanghai industries have been arrested.

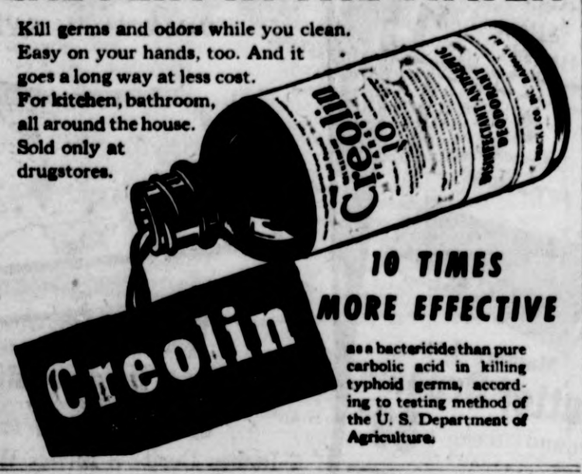

The theremin, an electric instrument which produces music by electrical oscillations controlled by hand movements, was named for its inventor, M. Leo Theremin, a Russian.

Local Grangers Home From State Leaders' School

Over 400 Grange Men And Women Gather At Bloomsburg For Leaders Training School

Led by State Master W. Sharp Fullerton of Lawrence County, a number of county grangers have returned from Bloomsburg, Pa., where they were in attendance at the State Grange leader's school which was in progress there the past few days.

Over 400 grangers heard addresses by national and state grange leaders on various problems and subjects pertinent to grange work. Among the speakers Beatty Dimit, director of the state lecturers of the grange; Ed. F. Holter, lecturer of the National Grange; E. Carroll Bean, high priest demeter of the National Grange; Stephen G. Cary; Dr. Kenneth Hood of Penn State College; and Honorable Miles Horst, Pennsylvania State Agriculture secretary.

A model officers planning conference was in charge of Mr. Fullerton; Lawrence County Pomona master; Glenn Patterson and Mrs. Frances Seely, county lecturer.

Others in attendance at the conference were: Mrs. Glenn Patterson; Mrs. Norman Perschke of East Brook; Mrs. Harry Maughn, Mrs. Jessie Brown, Miss Martha Miller and Mrs. Fred G. Seely, Pomona lecturer of Wilmington grange.

Highland Youth To Have Easter Service

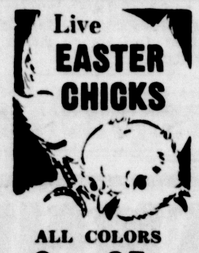

Young people of Highland U.P. church will assemble Easter Sunday at 6:30 o'clock for a sunrise service in the sanctuary. At that hour an Easter program will be presented by members of the Pioneer and Builder Y.P.C.U.'s. Older members of the congregation will be welcome at the service, which will be followed by a breakfast in the church dining room.

In Iroquois Indian mythology, Tawiskara (the Dark One), was a twin brother of Ioskeha (the White One). They were born of a virgin mother who died in giving them birth.

TREES AND SHRUBS CAN GO IN EARLY

The planting of trees and shrubs may be started as soon as the ground can be worked.

Hedges girdled by mice during winter may be cut back almost to the ground. If well fertilized they will start to grow in a short time.

Evergreen hedges, especially arborvitae, boxwood and yew, may be pruned just before new growth starts, but amateurs should avoid removing any but last year's growth.

Lilacs, among the first shrubs to start growth, should be set out early.

Coniferous evergreens need to be pruned in early spring if that is necessary. Pinching back the short terminals of the side branches is all that is needed on young spruces, firs and pines.

Newly planted trees, shrubs and vines will make new roots more readily in well areated soil. Thus, cultivation after planting, together with proper drainage, promotes quick establishment.

Another reminder for gardeners: Avoid deep cultivation of grafted trees and shrubs. Injury to roots of some of them may induce production of wild suckers.

GRAFTING CAN SAVE GIRDLED FRUIT TREES

Some of the fruit trees in Lawrence county orchards which were girdled by mice or rabbits during the winter can be saved by bridge-grafting. Damage from mice has been reported severe where control measures were not used.

Trees byond repair will have to be removed, including damaged apple and pear trees under three inches in diameter. Those over three inches may be bridge-grafted with fair promise of success. Cherry, peach, plum and apricot trees cannot be successfully bridge-grafted.

Regardless of the age of the trees, the first step is to cover the injured area with liquid grafting wax or wound paints, or wrapping exposed spots with wax paper, burlap or other materials to protect the injured portions from drying out.

Bridge-grafting should be done two weeks before buds break in early spring. Damaged trees one to two years old will force buds on the stem just below the injured spot if the trunk is severed promptly just under the injured area. The resultant shoot must come above the original graft, else a chance seedling will result. Cleft-grafting may save some trees around three inches in diameter.

Hillsville Sunrise Service At 5 A. M.

Edenburg And Hillsville Churches Will Hold Easter Sunrise Services

One of the earliest sunrise services planned in this area will be conducted by the Hillsville Methodist church and in charge of the pastor, Rev. Harry Johnson on Easter Sunday morning at 5 o'clock. The service at Hillsville, will be held on the cross street in the center of the town and will feature special music and speaking.

At Edenburg, the Methodist church and Christian church will unite at 6:30 a. m. for a service to be conducted on the knoll by the Pennsylvania Railroad, where a cross has been erected for the union service. Special instrumental and vocal music has been planned. Rev. Harry Johnston, pastor of the Methodist church and Rev. Henry Koch, pastor of the Christian church will particpate.

Social Security Manager Suggests Tax Report Help

Reports Should Contain Account Number For Every Worker Says Milbouer

"Local employers can save themselves time and money, if their quarterly social security tax reports contain an account number for every worker for whom they report wages," it was pointed out by Myron Milbouer, manager of the New Castle Social Security Administration field office.

"Our office which services the counties of Lawrence, Butler, and Mercer, receives in an average quarter almost 1,000 names of workers for whom wages have been reported on employers' quarterly social security tax reports but without the employees' account numbers," he continued.

"The Social Security Administration is charged with the responsibility of seeing that each worker's account is properly credited with all his earnings. Failure to include the social security number on a tax report means we have to go back to the employer to track down the missing social security numbers. All of this adds up to a loss to the employer in time and money and an increase in our operating expenses part of which as a taxpayer, he helps to meet," he observed.

Mr. Milbouer added that over the years, the majority of employers have improved their reporting practices and that now it is a small minority who fail to send in reports that contain a social security number for every employee reported.

The New Castle field office located at 306 Neshannock Avenue, New Castle, Pa., will be glad to give any interested employer advice on how they can improve the quality of their quarterly social security tax reports.

Register Securities For Power Company

HARRISBURG, March 25—(INS)—The Public Utility Commission Wednesday reported registering security certificates of the Pennsylvania Power Co., of New Castle, covering issuance of $1,000,000 in first mortgage bonds.

Revenue from the bond sale will be used partly to underwrite proposed construction this year, the PUC said.

The utility plans to offer the bonds to institutional investors not affiliated with the company, according to the commission. The firm operates in Allegheny, Beaver, Butler, Lawrence and Mercer counties.

'Take It Easy' Over Holiday Week End

State Motor Federation Secretary Urges Extra Care of Motorists And Pedestrians

"Take It Easy" over the Easter holiday week-end whether walking or driving and be back at work on Monday morning instead of in a hospital or morgue, motorists and pedestrians alike were advised today by R. B. Maxwell, secretary-manager of the Pennsylvania Motor Federation, representing 60 affiliated AAA automobile clubs in the State.

"Favorable weather over the week-end would mean that traffic will be heavy," Mr. Maxwell pointed out.

"Motorists should drive with the utmost care and obey traffic regulations," he said. "Pedestrians should walk with caution and be guided by the rules laid down for their own safety and protection.

"Only through the utmost cooperation between both the motorist and the pedestrian can we hope to come through the Easter holiday week-end with a low traffic accident and fatality rate," the PMF official declared.

"Death or serious injury to some member of the family will mar the spirit of the holiday," Mr. Maxwell continued, "and surely no one wants the responsibility for such a situation.

"Holiday week-ends have more accidents and fatalities than other week-ends, not because motorists and pedestrians become more careless," he explained, "but because traffic is heavier."

"Drive and walk with care, obey the simple regulations designed to prevent accidents and show a little common courtesy to the other fellow," Mr. Maxwell suggested.

"Don't wind up a case for the hospital or the morgue and don't be responsible for any such cases," he concluded. "For a carefree, unworried week-end, adopt the slogan of the American Automobile Association—'Take It Easy—And Live'."

Legion Band Will Rehearse Tonight

Members of the band of Perry S. Gaston Post, American Legion, will have a rehearsal this evening at 7:30 at the Legion Home.

There will be an organization meeting and any veteran interested in joining the band, will be welcome to attend, it is announced.

MAKE IT YOURSELF

PEORIA, Ill.—If a lady needs a new purse, she can buy it or make it. If a man wants an ash tray, he has the same choice.

The Peoria recreation board runs a center where folks who are handy with their hands can turn out the things they fancy.

Among the products are slippers, wallets, artificial flowers, plates, cups, saucers, tea pots, metal serving trays. Some 500 persons participate.

GOOD EATING FOR Easter

Come in and see our complete stock of Easter foods for the holiday week-end. We are proud to extend the benefits of a good clean shopping center for meats, groceries and produce. Also plenty of parking space for your convenience.

Pennsy Facing Strike Threat

Firemen And Engine Service Employes Threaten March 31 Walkout

PHILADELPHIA, March 25.—(INS)—The Pennsylvania Railroad is faced today with a strike of some 10,000 firemen and engine service employes who are set to go out March 31 in a dispute over hiring practices.

The work stoppage announcement was made by the Brotherhood of Locomotive Firemen and Enginemen. The union charged the railroad had violated its contract.

Core of the dispute has been the railroad's failure to hire firemen for three oil-electric-powered switching engines at Pittsburgh and two at Pottstown. The union said it regards one-man operation of these locomotives as a "hazardous condition".

Discussions between the union's general grievance committee and the railroad broke off yesterday, and unless some settlement is reached before the deadline, only a presidential emergency fact-finding board could ward off the strike.

Governor Grants Slayer Respite

HARRISBURG, March 25—(INS)—Edward Hough, 33, sentenced to the electric chair for slaying a Philadelphia policeman, had a respite today from Gov. James H. Duff.

The stay of execution, scheduled for the week of March 29, was ordered by Duff so Hough's counsel could make a last ditch plea for clemency to the state pardons board during the April term. The execution date was postponed until the week of April 26.

Hough was convicted of first degree murder following the shooting of Patrolman Cecil Ingling after a robbery in a super-market.

Italy Is Willing To Negotiate On Trieste Issue

(BULLETIN)

ROME, March 25.—(INS)—Italian Foreign Minister Count Carlo Sforza declared Italy's willingness today to negotiate directly with Yugoslavia about the return of Trieste.

Sforza said:

"After mature reflection, Italy is not against direct negotiations with Yugoslavia over Trieste, provided the negotiations are carried out in the spirit of the Anglo-Franco-American proposal."

The joint Allied proposal calls for a revision of the Italian peace treaty to return the Free Territory of Trieste to Italy.

Sforza continued:

"Only Trieste's return to Italy will make possible enduring peace and good neighborly relations between the countries."

It was disclosed meanwhile that Italy and Yugoslavia had agreed to reciprocate in pardoning jailed nationals of each country and return them to their home nations.

The agreement calls for the exchange of displaced persons, including those in jails.

EXAMINE 128 BICYCLES

One hundred and twenty-eight bicycles were examined by police yesterday, bringing the total of examined bicycles to 1,488, Police Secretary Caroline Black reported today.

Whale oil, which once was used in lamps, is now used largely to make soap and glycerine for munitions.

Police Officer Is Given Hearing

Council Withholds Decision Pending Opinion To Be Written By City Solicitor

Council, sitting as a trial board today at city hall, heard the case of James Brown, policeman, who was accused of conduct unbecoming an officer and being unfaithful in service. The hearing began at 10 a. m. and ended at 1 p. m. and pending an opinion to be written by Solicitor Robert White, council will withhold its decision.

Policeman Brown, who has been under suspension, denied all accusations made against him.

The alleged theft of $338 from John L. Berg, Butler, arrested by Brown for driving while while intoxicated entered into the trial, as did Brown's failure to make an hourly report to headquarters March 6.

Berg testified he gave Brown $10 in the C. & V. restaurant, Long avenue, and that Brown took the balance of $338, then said: "You're going to the police station." Berg testified he demanded of Brown to be taken there.

In his testimony, Brown denied being in the restaurant, said he did not take any money from Berg, and said that relative to not reporting hourly on March 6, maintained he reported at 4 a. m. but failed to make other reports.

He said he entered a room at the Scioto street fire department, took a chair, went to an inside room, and being ill, went to sleep.

Miss Ruth Parker, waitress at the C. & V. restaurant, testified Brown, accompanied by another man, was in the restaurant. She failed to identify Berg as the man. Sergeant Grover Syling testified that Brown did not report at 4 a. m. March 6.

Police Lieutenant C. F. Suber testified that after Berg was examined and found drunk, after his arrest, and after Berg's brother had arrived at police headquarters, Berg said he had been "shaken down" and accused Brown of taking his money. When Brown was called into Berg's presence, the latter, according to Suber, lowered his head and said: "My money is gone." Suber told Berg, Brown would be searched, but he made no accusation during the presence of Brown.

BOY INJURED WHEN HE FALLS FROM TREE

David Kerr, aged 9 years, of 2 Elmwood street, fell from a tree on the Etna furnace grounds, rear of the P.R.R. passenger station Wednesday afternoon, and is in the Jameson Memorial hospital with lacerations on the back of his head. When he fell his body broke through the ground into a conduit. His brother, Robert, took him to the Greenlight Taxicab company office. A call was sent to police, who took the boy to the hospital.

The Federal bureau of Geological survey was established in 1879.

Will Dedicate New Offering Plates

New offering plates will be presented and dedicated at the 11:30 a. m. public worship service in the newly decorated Mt. Hermon Presbyterian church, Easter Sunday, March 28.

Donors of the new plates are Paul Butz of New Castle, in memory of his grandfather, Rev. Josiah Hutchman who in 1840 organized the Mt. Hermon Reformed Presbyterian church and served as its pastor, and Mrs. V. A. Schrieber and son, Arthur of East Liverpool, Ohio, in memory of Rev. V. A. Schrieber, who served as pastor from May 1944 until his death in September 1946, almost at the beginning of the second century of Mt. Hermon Presbyterian church history.

Grass Fires Keep Departments Busy

Virtually all the fire departments in the community have been kept busy the last two days extinguishing grass fires, which are an annual plague at this season.

The city department was called out eight times since noon Wednesday, grass fires being reported this morning from North Cedar street, City Line street, Court street and Spring street; and last evening and yesterday afternoon from Court and Scott street, Huron and Thorpe, Canyon, West Lincoln at Green, Elizabeth and North Ashland avenue.

When an automobile's crankcase oil is checked, the bayonet gauge should be returned absolutely clean.

In 1940 Americans spent about four billion dollars for medical service.

Pre-Easter Retail Sales Slightly Below Last Year

By ELIZABETH FAIRBAIRN
(I. N. S. Staff Correspondent)

CHICAGO March 25. — The "new look" will give women the most feminine Easter in many a moon this Sunday, but pre-Easter buying has proved the biggest disappointment of the year.

And the "new look" was exonerated of all blame. Most women have buried the hatchet against it.

The drop in unit sales is attributed rather to the weather, high prices and the early date of the festival.

An International News Service survey showed today that, although the dollar is worth six cents less than last year, dollar-wise the pre-Easter buying has not kept pace.

This situation developed despite a selection of merchandise — almost storybook-like in design — which is of better quality and quantity than last year.

Below Last Year

Pre-Easter retail sales in the nation's two largest cities—New York and Chicago — during the week ended March 13 were one and two per cent respectively above last year's. This hardly compensated for the rise in prices.

The Texas Bureau of Business Research blamed bad weather and possible buyer resistance for the state's buying slump. Shoes, men's wear and less expensive women's clothing were reported moving slowly.

In Omaha, Neb., merchants looked to the weather for good news, for only with good weather could they hope to break even in Easter sales.

Cleveland, O., department store executive reported that even continuous good weather and a late buying rush couldn't make unit sales equal to last year. Luxury items dragged the most.

Waiting To Last Minute

The size of retail sales in Los Angeles prompted merchants to say that people apparently were waiting until the last minute or skipping it altogether.

In Denver, Colo., buying was up 3 per cent; in Topeka, Kans., it was up 15; in Kansas City, up 7; St. Joseph, Mo., off 13; Oklahoma City, off 5 and off 3 per cent in Tulsa, Okla.

In the south buying was better. The sixth federal reserve district said sales in the southeastern states were 14 per cent higher than last year.

The drought-troubled San Joaquin Valley in California had "fair" pre-Easter sales despite everything imaginable in the way of adverse business conditions.

GRANGE NEWS

East Brook Grange

Memebrs of East Brook Grange gathered on Monday evening in their hall, with master J. E. Oesterling, in charge.

The following committees were appointed: "Ways and Means", John Rung, A. T. Jennings, Mrs. William Knight; farm sale, William Knight, Charles Bellew, M. M. Ingham. A juvenile grange will be organized April 2, at 7 p. m., in the grange hall, by Mrs. W. H. McCullough; all those interested will contact Mrs. William Ellgass, Mrs. L. E. Robison, or Mrs. Glenn Patterson.

Literary program was conducted by lecturer, Mrs. Kenneth Kauffman. Opened with singing by group. Vocal solo, Sandra Kauffman, accompanied by Mrs. M. M. Ingham. A very instructive talk was given by Arthur Gibson, principal of West Pittsburg school on subject, "Proposed Educational Plans for Lawrence County". An open discussion followed the address.

A tasty lunch was served by the hostesses, Mrs. Howard Fox, Mrs. James Fink, Miss Martha Dinsmore.

Next meeting will be April 12, in the hall. Hostesses will be Mr. and Mrs. M. M. Ingham, Mr. and Mrs. William Ellgass, Mr. and Mrs. James Floyd, Mrs. Minnie Floyd, Mrs. Lavina Floyd, Mr. and Mrs. Lawrence Flickinger.

The United States had about four times more money in circulation in 1947 than before World War II.

SHINING COPPER

If you shine copper or brass by using vinegar or lemon juice and salt, be sure to remove it promptly by washing, rinsing and drying. If traces are left, the copper may look worse than before cleaning as salt left on copper forms greenish copper chloride which will leave rough places on the metal.

DDT is not new; it was discovered by scientists more than 70 years ago.

STOCKS RESUME UPWARD SWING

Steels And Rails Lead In Market Advance During Morning Trading

NEW YORK, March 25.—(INS)—Stocks resumed their upward swing near noon today led by steels and rails. Trading quickened as prices advanced.

Gains ran to about a point. Santa Fe, Union Pacific, Illinois Central, Youngstown Sheet & Tube and U. S. Steel were particularly active and strong.

Coppers opened firm and later improved their positions. Gulf Oil was heavily traded, one block of 9,400 shares changing hands at 65⅛, up ⅛. Aircrafts were steady. Rubbers were quiet and slightly higher. A ragged appearance was presented by chemicals.

Bonds held firm and curb stocks steadied. Commodities were irregularly lower.

Methodists To Unite Friday

Holy week services of the Methodist churches of New Castle and vicinity will be brought to a close on Good Friday evening at a special union service in Epworth Methodist church, East Washington street and Butler avenue. Rev. A. P. Weaver, minister of Grace Methodist church, Grove City, will be the preacher for the evening. His subject will be "The Judgment of the Centurian Still Stands". The combined choirs of Epworth, First, Christ and Croton churches will sing Robertson's passion anthem, "All in an April Evening".

A large congregation from the participating churches is expected.

The Sacrament of Holy Communion will be observed in all of the Methodist churches this evening. In many of the churches this will be a service of candlelight at which the communion clements will be distributed in silence. The Methodist church invites others to share in this service if they desire to do so.

Throughout the week there has been an exchange of pulpits among the ministers of the Methodist churches. The attendance in all places has been gratifying. The churches participating have been First, Croton, Christ, Epworth, Mahoning, Savannah, Wesley and Wampum Methodist churches.

HOUSEHOLD HINT

If you are afraid that luscious berry or apple pie may ooze over and burn on your oven floor, and be wasted, insert short lengths of drinking straws into the vents in the upper crust before putting the pie in the oven.

LEGAL NOTICES

Advertisement For Bids

Sealed proposals for a gang mower for use with the Toro Tractor at Sylvan Heights Golf Course, will be received by the City Council, City of New Castle, Pennsylvania, at the office of the City Clerk, City Building, until 10 o'clock a.m., Thursday, April 8, 1948, at which time they will be publicly opened and read.

Proposals shall be for equipment suitable for golf course work and adaptable to the said Toro Tractor. The mower shall be a gang of seven (7) units of thirty (30) inches wide, capable of cutting a swath approximately sixteen (16) feet in width. Complete manufacturer's specifications shall accompany all bids, and the successful bidder shall be required to provide for the fitting of the said mower to the said Toro Tractor, so that the two will operate together efficiently, conveniently, economically and permanently. Proposals shall be accompanied by a certified check in the amount of $100.00 made payable to the City of New Castle, which check with proposal and specifications shall be enclosed in a sealed envelope, plainly marked, "Bid for Gang Mower", and deposited with the City Clerk at or before the time set forth above. The Council reserves the right to reject any or all bids. Checks accompanying proposals shall be to guarantee the execution and fulfillment of the contract by the successful bidder and the checks of all unsuccessful bidders shall be returned to them when the contract is awarded.

JACK H. FRITZ, City Clerk.

Autos For Sale

The undersigned City Clerk of the City of New Castle will receive proposals until 10:00 o'clock, Thursday morning, April 8th, 1948 for the sale of the following automobiles now being used by the Police Department; to-wit:

Ford, 4-door sedan, 1947 model, motor No. 799A1542254
Ford, 4-door sedan, 1947 model, motor No. 799A1542349
Ford, 4-door sedan, 1947 model, motor No. 799A1544015

For full particulars concerning the condition of these cars, prospective bidders are referred to the City Mechanic, Croton Avenue.

The said bids shall be opened at the Council meeting Thursday morning, April 8th, 1948 at 10:00 A. M., and the said cars sold to the highest and best bidder.

Each proposal shall be accompanied by a deposit of Twenty-five ($25.00) Dollars for each car, upon which a bid is submitted, in cash or by certified check, to guarantee faithful performance of his contract by the successful bidder. The City reserves the right to reject any or all bids, or to award a contract for the sale of any or all of the said automobiles.

Blind Veteran Prevents Wreck At Beaver Falls

BEAVER FALLS, Pa., March 25.—(INS)—A blind Marine veteran of World War II was credited today with averting a "million dollar" wreck on the Pennsylvania Railroad bridge at Beaver Falls.

A "million dollar" wreck is railroad slang for a disaster costing many lives.

Jack George, 22, was sitting at home last night when a train passed over the bridge a block from his home, and Jack's sensitive ears detected a strange clickety-clack noise that didn't sound just right.

Jack mentioned it to his father, Griffith A. George, a veteran railroad man, and they both investigated.

The father found a three foot section of the rail on the bridge broken, apparently snapped off by the last car of the train jack heard passing.

The father stationed Jack in the middle of the bridge with an oil lantern and a flashlight to flag down any passing trains while he hurried to a telephone and called the Pennsylvania district agent.

warning was sent out to all trains as the father rejoined his son on the bridge, and a repair crew was ordered to the scene immediately.

Jack, married and the father of a three-month-old son, Jack Jr., lost his sight fighting on Guam in 1944, in an engagement in which he and another Marine were the sole survivors of his entire company.

Jack attends a machinist school in Pittsburgh, commuting every day with his seeing eye dog.

ANTITOXIN VALUABLE

John A. Roebling, wire rope manufacturer, built his first suspension bridge across the Allegheny River, but while directing construction of the famous Brooklyn Bridge in 1869, he suffered an accidental injury, tetanus resulted and he died. Today, tetanus antitoxoid saves countless lives from similar infection.

Good News For Folks Who Suffer From

✔ STOMACH GAS
✔ SOUR FOOD TASTE
✔ ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief from this nervous distress.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalizers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Not Proper Time To Expand Steel Making In U. S.

So Declares Business Review Of Federal Reserve Bank Of Philadelphia

PHILADELPHIA, March 25.—(INS)—The Federal Reserve Bank of Philadelphia said today that "this does not mean the proper time" to expand the nation's steel-producing capacity.

The business review of the Federal Reserve declared:

"The present unusually high foreign demand for American steel is not likely to continue indefinitely.

"The German steel industry, which is now operating at a very low rate of only 20 per cent capacity, should return to some semblance of normal output some time. When that occurs it will relieve the demand upon our steel industry.

"Furthermore, the Latin-American countries that are buying so heavily from us now are not likely to continue buying at present rates."

The F R B's bulletin contended that steel capacity is "being increased about as fast as we can afford to do so now."

Cost Is Prohibitive

"To some steel manufacturers, the present cost of expanding capacity is apparently prohibitive," the business review added.

"To expand steel capacity at a faster rate now is going to cost everybody something in the way of delayed delivery of products made out of steel."

The Federal Reserve said the steel industry "cannot avoid absorbing all the shocks of cyclical fluctuations in business."

The F R B warned that "steel, of all industries, should guard against expanding capacity too fast."

"We should keep in mind," the bank said, "the need for stability as well as growth."

The F R B said that many steel consumers are "shifting to the substitutes for steel—the lighter metals such as aluminum and magnesium"—rather than buying steel at "gray" or "black" market prices.

"Naturally," the F R B review said, "steel manufacturers are going to lose some of their customers permanently. It is impossible to ascertain how serious this competition will be, but it certainly cannot be laughed off."

The F R B added:

"One thing is sure: If all firms were engaged in a vigorous program of expansion, the current shortage of consumer goods would be intensified, the danger of over-expansion would be intensified, and our inflationary difficulties would be intensified."

THEY OBJECT TO NAMES

Members of the Rejang tribe, in Indonesia, object to mentioning their own names, says the Encyclopedia Britannica. Many savage people avoid using personal names, and often substitute terms of kinship.

MT. HERMON

EASTER SERVICES

Easter sunrise service will be held at the Mt. Hermon Presbyterian church Sunday morning.

At 11:30 the preaching service. Sunday school at 10:30. Sam Mc Cracken, supt. Rev. C. C. Cochran, pastor.

MT. HERMON NOTES

On Tuesday evening, March 30, the male chorus of the Shelby Tube Mill will give an entertainment at the Oak Grove U. P. church. They are sponsored by the Young Peoples Council of the Slippery Rock district.

The W. M. S. of Mt. Hermon will hold their regular monthly meeting at the home of Mrs. Mae McConnell Thursday, April 1.

FISH STORY

MT. CARMEL, Mich. — Miss Allie Seitz tells a fishing story with a twist.

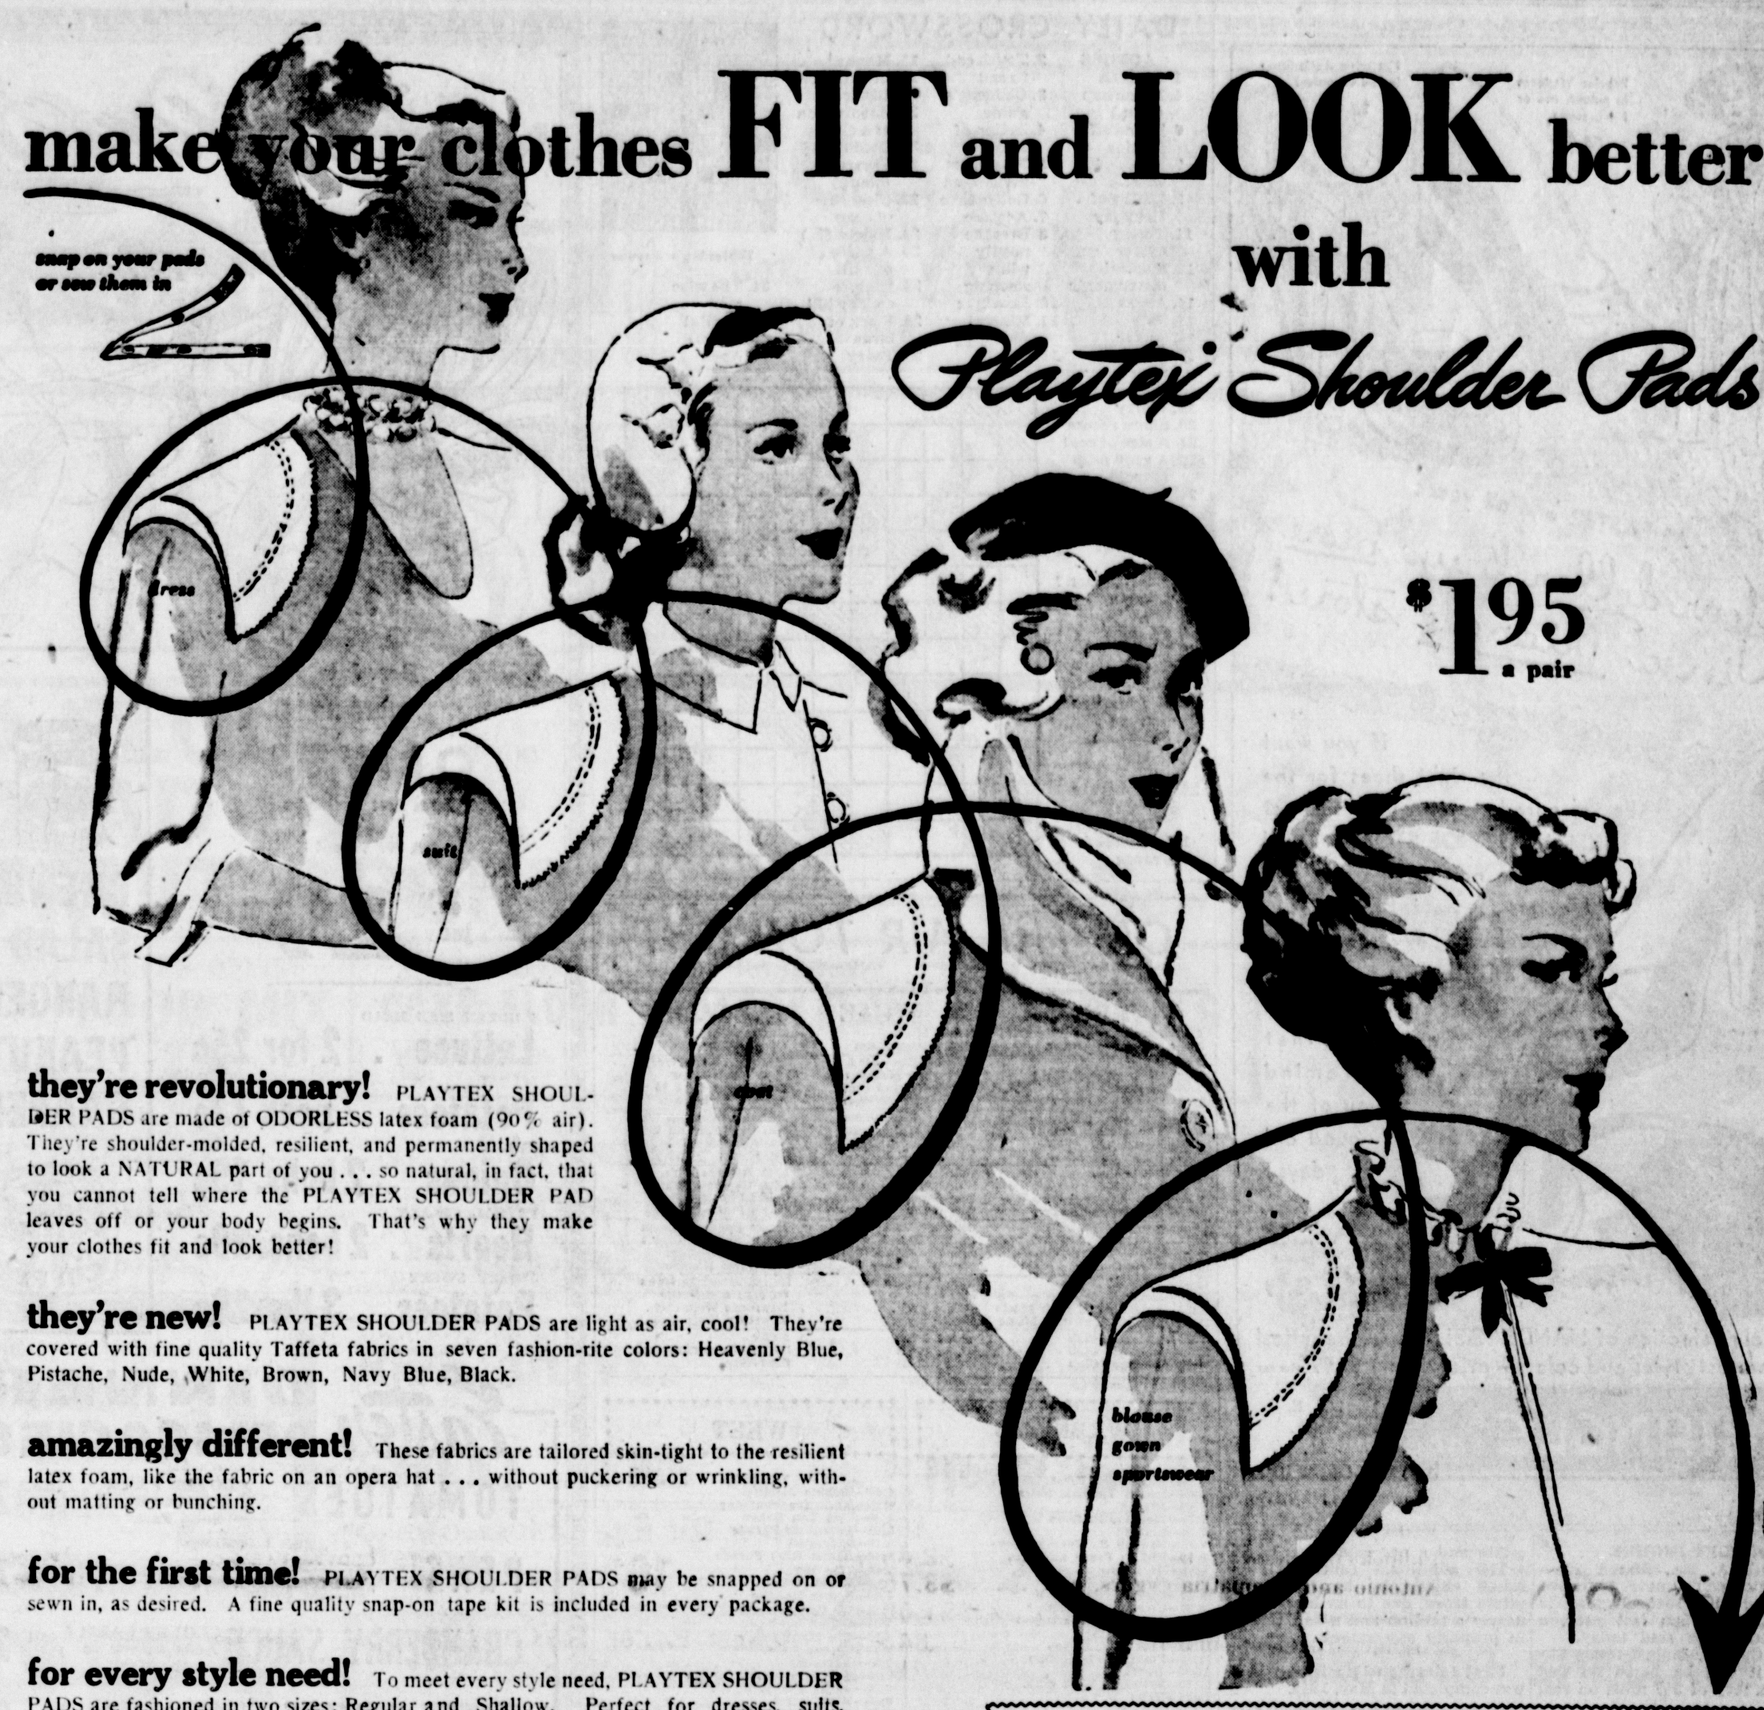

She said she was fishing in a pond near here when she reached out to catch hold of a fallen tree limb. At that moment, a large grinnel leaped out of the water and into her arms.

"I was so surprised," she said, "I threw him back in."

make your clothes FIT and LOOK better with Playtex Shoulder Pads

$1.95 a pair

they're revolutionary! PLAYTEX SHOULDER PADS are made of ODORLESS latex foam (90% air). They're shoulder-molded, resilient, and permanently shaped to look a NATURAL part of you . . . so natural, in fact, that you cannot tell where the PLAYTEX SHOULDER PAD leaves off or your body begins. That's why they make your clothes fit and look better!

they're new! PLAYTEX SHOULDER PADS are light as air, cool! They're covered with fine quality Taffeta fabrics in seven fashion-rite colors: Heavenly Blue, Pistache, Nude, White, Brown, Navy Blue, Black.

amazingly different! These fabrics are tailored skin-tight to the resilient latex foam, like the fabric on an opera hat . . . without puckering or wrinkling, without matting or bunching.

for the first time! PLAYTEX SHOULDER PADS may be snapped on or sewn in, as desired. A fine quality snap-on tape kit is included in every package.

for every style need! To meet every style need, PLAYTEX SHOULDER PADS are fashioned in two sizes: Regular and Shallow. Perfect for dresses, suits, blouses, coats, gowns and sportswear. To clean, you merely rinse in suds, squeeze and place on a covered radiator to dry.

for useful gift-giving! each pair is gift-packaged in a silvery, wedge-shaped, transparent-window package. They're a sensible and beautiful gift!

EAST BROOK

4-H MEETING

Ten girls met recently at the Rosco Clement home for their organization meeting. The meeting was under the direction of Miss Jean Cranmer. The next meeting will be April 21 at the home of Betty Fox.

SUNDAY SERVICES

Bible school Sunday morning, 10, Clyde Shelenberger, supt.; sermon, 11, with Rev. Hugh G. Snodgrass, pastor.

EAST BROOK NOTES

Mr. and Mrs. Paul Taylor and family of Cleveland spent the week end with relatives here.

Mr. and Mrs. Edwin McAnlis and son Teddy of Warren, O., visited with her sister and family, Mr. and Mrs. Fred Miller.

Mr. and Mrs. Glenn Patterson attended the grange leadership school at Bloomsburg, Pa., this week.

Mr. and Mrs. William Snodgrass and children Velma and Billy of Northfield, O., visited recently at the home of Rev. and Mrs. H. G. Snodgrass.

George Anderson, son of Mr. and Mrs. Pat Anderson, had the misfortune to break his leg Saturday while playing at a neighbor's.

Mrs. Mary LeGette of Florence, S. C., is spending some time here with her sister, Mrs. Julia Clements. Mrs. Clements is some improved at this writing.

Mr. and Mrs. Frank Morgan and the latter's mother, Mrs. Lizzie Sherbine of Franklin avenue, New Castle, spent an afternoon recently at the home of Mr. and Mrs. E. A. Pontius. Mrs. Sherbine, who is Mr. Pontius' aunt, has been shut in all winter by illness and has just recently recovered enough to be out.

Mr. and Mrs. Thomas Lindsey and Miss Martha Dinsmore of the Graceland road were dinner guests Tuesday evening of Mr. and Mrs. Ezra Pontius.

Sgt. and Mrs. Walter Howdershelt of Fort Mead, who were called here by the death of the latter's grandmother, Mrs. A. E. McCreary, have concluded their visit.

Sunday callers at the home of Mr. and Mrs. S. A. McCreary were Mr. and Mrs. George Bender and daughter Linda and Harold Burton of New Castle.

Miss Betty Fox, who is a patient at the Jameson hospital, is improving nicely from an operation for appendicitis.

Mr. and Mrs. Jake Rentz and ganddaughter, Gretchen, of New Castle called Saturday evening at the Arthur McCreary home.

Mrs. Florence McCreary called on Miss Georgia Wilson, who is a patient at the Jameson hospital. Miss Wilson is quite cheerful and getting along as well as can be expected following a recent operation.

Those from this community who attended the funeral of Harry Moore of New Castle were Mrs. Margaret Houston, Mrs. Betty McKee, Mr. and Mrs. S. P. McCreary and Mrs. Florence McCreary.

Liverpool, England, looks to radar to solve its traditional fog problem. Planned is an electronic installation to scan the harbor and reduce fog-induced traffic delays.

DIES AT ALTOONA

ALTOONA, Pa., March 25. — (INS)—John E. Logue, 57, labor department foreman at the Altoona works, Pennsylvania Railroad, died suddenly last night following a heart attack.

Drive slow—children move fast.

BUDGET HIGHER

ALIQUIPPA, Pa., March 25.—(INS)—Aliquippa's new tentative budget for the 1948-49 year is $98,500 higher than last year, a board spokesman said today.

While the new budget totals $1,046,393, it will be based on last year's tax levy of 3½ mills on real estate and a per capita tax of $5.

The additional funds will be raised chiefly by increased real estate taxes, due to an increase of nearly a million and a half dollars in property assessments.

First telegraph line in the U. S. was completed in May, 1844.

GRIZZLY BEARS BACK IN NATIONAL PARK

SAN FRANCISCO, March 25.—A few grizzlies are coming back to Jackson Hole National Monument, Claus J. Muri writes in the periodical of the California Academy of Sciences.

He pointed out that moose have become so abundant that they are now the chief wild life feature in the monument area, summer and winter.

Blue eyes and black eyes contain exactly the same coloring pigment, known as melanin, according to the Encyclopedia Britannica. The difference in color is the result of the way in which light is reflected from the surfaces of the fibers which make up the iris. Black eyes also have more melanin than do blue eyes.

The term "flameproof" as applied to fabrics does not mean that they are unharmed by fire, but that they resist the spreading of the flame.

Legion, Kelley Five, Boosters Tourney Winners

Eagles, DeCarbo's, V.F.W. Eliminated

Three more City-County tournament quints felt the axe last night at George Washington floor as the first round eliminations continued.

The American Legion took the thriller of the night, edging the Eagles, 37-32, the Kelley Five nosed out DeCarbo's, 30-27 and the East Brook Boosters easily waltzed by the V. F. W., 43-17.

Tonight the Temy's Beach five will meet the Ellwood Sportsmen and the Wampum Legion clashes with the Shenango Pottery in the conclusion of the first round, and in the first pairing of the second round Morella Dairy Bar tangles with Gus' "Big Five."

Paced by Van Deusen and Fomka, the Legion made their tourney debut a success against the Eagles. The Legionnaires trailed at the half, 10-14, but spurted in the third period to wrest the lead, 23-18, and maintain it through a heated final stanza. Wayne Gray showed the way for the losers with 10 markers.

Kelleys Cop

Leading throughout, but having their anxious moments with a scrappy DeCarbo five, the Kelley quint squeezed by their opener, 30-27. Stack with 13 points was high man for the winners, while Red Rosa caged 11 for the DeCarbo's.

The East Brook Boosters, one of the top-seeded teams in the tourney, had an easy time disposing of the VFW, 43-17. Leading at the end of the first heat, 15-4, and at the half, 30-12, coach Marvin Kuth used two teams to take the game. The Booster seige guns, Mike Ringer and Carl Jameson, again led the assault, banking in 20 of the points for the night.

Irwin Trounces Stonycreek High; Meet Kane Tuesday

PITTSBURGH, March 25.—(INS) — Irwin, the defending class B champs, today was all set to meet Kane in the western regional finals of the PIAA after trouncing Stonycreek.

The Knights really shone before a crowd of 1,475 spectators at the Pitt stadium last night as they romped to a 60-31 win.

They were just too good for the Shanksville team and even their substitutes outscored the losers. With a 31-13 lead at half-time, Irwin scored as much in the first half as Stonycreek tallied in the entire game.

Bob Cervi, of Irwin, was the game's high man with 16 points.

The Irwin-Kane contest is set for Farrell next Tuesday.

Penn State's Jack Biery topped his best previous basketball scoring record by collecting 260 points in 19 games this year.

SCHMELING CAN'T BOX IN NEW YORK BECAUSE OF AGE

NEW YORK, March 25. — (INS)—Eddie Eagan, chairman of the New York State Athletic commission, reiterated today that it would be impossible for Max Schmeling to become licensed in New York, because the former heavyweight champion is too old.

Schmeling has asked immigration authorities for permission to enter the United States.

Eagan said a New York state boxing rules states that no fighter may be licensed who is over 40 years old. Schmeling is 43.

It was indicated that Schmeling might take up wrestling.

Briefs From Major Camps

(International News Service)

Eight top-flight major league moundsmen were on display in spring training games and all, with one exception—Warren Spahn of the Braves—proved that the pitchers are still ahead of the hitters.

Howie Pollet, St. Louis Cardinal southpaw, shut out the world champion New York Yankees in a four-inning stint. The Cards, despite two home runs by Johnny Lindell, outlasted the Yanks in ten innings, 8 to 7.

The Card-Yank game provided some drama when Charlie Keller, out of action with an injured back since last June, entered the game as a pinch-hitter. He promptly belted the first pitch for a single.

Jack Kramer, Boston Red Sox pitcher, proved his mettle with a five-inning shutout job against the Detroit Tigers. Right-handers Dizzy Trout and Virgil Trucks scattered ten Red Sox hits to top the McCarthymen 3 to 1. Trucks hit a homer in the seventh.

Blackwell Rallies

In the National league, Ewell Blackwell was clipped for two runs by the Phillies in the first frame but then hurled shutout ball for the next five innings.

Schoolboy Rowe was even better in his four-inning bit. He held the Reds Scoreless and the Phils went on to a 3 to 2 triumph.

Boston Braves batters put the slug on two Washington pitchers in the eighth inning with an eight-run blast that led to a 14 to 6 victory over the Senators crew.

Warren Spahn, Brave hurler, disappointed in his five innings of work by being tagged for four of the Senators' six runs. Senator Pitcher Early Wynn pitched steady two-run ball over five innings.

Rain took a big chunk out of the exhibition schedule with five games being washed out on the Pacific coast.

Jupiter Pluvius caused cancellation of games between Cleveland Indians and Chicago White Sox; St. Louis Browns and Chicago Cubs; Cleveland "B" team and the Hollywood Stars; New York Giants and the Oakland Oaks, and the St. Louis Browns "B" team and the Portland Beavers.

According to the United States Golf Association, the greatest year in the history of the sport was 1946 so far as tournament play was concerned.

HERE AND THERE IN SPORTS' LAND

RUSSELL BAXTER and Jack Biddle, rival middleweights of this city, will fight a bout scheduled for eight rounds in The Arena, April 14. The match was made yesterday afternoon by Matchmaker Tommy Leach of the Jefferson Athletic club. It will be their second pairing, Russell having decisioned Biddle in the first fight, which was good all the way. Baxter out-boxed Biddle, eluding Jack's terrific left hook. Asked by Here & There as to what happened to him when he boxed Jackie Burke in Minneapolis, Baxter stated that, up to the eighth round it was a very even fight. One of Burke's punches caused a cut in Baxter's mouth, and it bled so profusely, the referee stopped the fight, he asserted. Previously, Baxter had knocked out Burke, whom Baxter says weighed 172, and not 169¼. Baxter weighed 162¼, which gave Burke a weight advantage of 9¾ pounds. Russ hopes to knock out Johnny Watson of Donora, in their Ellwood City fight, March 30. He decisioned Watson in a previous fight. . . . In answer to Here & There's query: 'Aere there any quail hereabouts?" Edwin Houk of R. D. 1, writes: "Re your question concerning quail in Lawrence County. I seen a flock of about a dozen in the 'Big Meadows' area of Slippery Rock township. They are the only ones I've seen in a long time." . . . Andrew Cline is business manager of the Ryantown baseball team, which will meet Sunday afternoon at the Smiley residence, McCleary avenue, where 1947 members and candidates are expected. . . . For the first time in the history of auto racing, a national midget champion race driver will be named this year by the contest board of the American Automobile Association. Tracks will be operated, east of the Chicago-Mississippi Valley, at Cleveland, Akron, Canfield and Erie. . . . John Thurman Cochran Jr., who played in the Chi-Cards backfield last fall, will play the outfield for a Philadelphia Athletics' farm club until July 1, when he will begin condition for his next season of gridding.

Herman Steinbrink, president, LCSA, is decidedly optimistic regarding the 25th annual banquet of sportsen, to be held in the Cathedral, April 8. "The ticket sale is coming along fine and people who attend will see a fine show, wonderful display of sports equipment, and have a fine dinner" he stated today. . . . The largest trout were placed in Big Run, according to sportsmen. . . . While discussing the Slippery Rock, which is to get 8,000 trout, John Brinton reports having seen a "muskie" rise there several years ago while Mayor John F. Haven reports there is an "Old Man 'Muskie' " in the vicinity of Andy Dodds cottage, along the Slippery Rock. "Several have hooked into this fish, but he has, so far, eluded capture" he reports. . . . Sucker fishermen should remain away from streams trout stocked. . . . Raymond Nedwidek, center and captain of last season's Slippery Rock Teachers grid squad, has been appointed head football coach at Brookville high. . . . According to the state game commission, approximately 50,000 fox, both red and gray, have been taken during the past two years. . . . Lilacs have sprung into leaf, which is a good indication spring is here to stay (it is hoped). . . . Nowadays, some of the boys who have cavorted in the ring, namely, Johnny Banko, Billy Frengel, Johnny Jennings, Tony Adamo, Romeo Pacelli, Billy Murphy, Billy Mido et. al. are content to sit back and watch others doing the 'delivering and receiving'. . . . In his day, Vito Cialella, pitcher, was a speed ball hurler. . . . Chuck Travers is another ball player who starred in yesteryear. . . . Watt Gould, former pitcher, is living the life of retirement at West middlesex. . . . Harry Horner, the engineer, who last played in the King Tut league, appears fit to play again this year.

Lions Make Hit With Donkey Floor Tussle

A lot of people had a hearty laugh last night at the Arena, probably for the first time in a long while, but if you were at the Lions Club Donkey basketball game and didn't laugh, then you should see your doctor. New Castle had its first taste of burro floor antics and judging from the amount of involuntary noises which merriment excites, the show was a "howling" success from start to finish, and the Lions Club of New Castle has put over another benefit with a capital "B".

Staid and dignified business and professional men, members of the Lions Club rode the donkeys, or should we say tried to at times. The game itself ended in a 5-5 tie but the fans didn't seem to mind this one bit. The Darlington Little Beaver Lions Club members were the opponents.

Pass The Liniment

There are going to be a lot of stiff and sore Lions today. What a game! It was better than a three-ring circus packed with clowns. No circus ever drew as much laughter as the donkey game did last night.

Riding and (we use the word lightly for the New Castle Lions were Councilman Richard "Dick" Davis, Sam Rashid, Claude "Tiny" Jenkins, and Charley Lumley at the start of the game. Riding for the visitors were, Al Bauman, Keith Waterson, Wayne Waterson, and Schadle, at the start. The subs for the Beaver Lions were, Marty Yochim, Wayne Russell, Paul Veon, and Bob Swanson. The New Castle reserves were, John Louden, Ray Cunningham, Larry Firster and Bob Moorehouse. New Castle needed but one sub, when "Doc" Lumley took a header over the top of the mule. No one got hurt very bad, except perhaps their "feelings," although the game does get rough at times.

They must have picked out the most stubborn donkeys in the world to send here last night. That is what made the game all the more amusing.

Roller Exhibitions Enjoyed

Supplementing the donkey game was a roller-hockey exhibition match by two picked groups of local skaters, and the fans got a big kick out of this match. Many had never seen roller-hockey played. It ended 4 to 2 in favor of the "blacks". The players were limited by space and do it much better with a larger court.

A fancy skating exhibition by several young Arena skaters held the awe of the crowd, and especially the spinning act by Ray Myers and Florine, that was breathtaking, for split second timing. Roller skating got a big boost here last night.

Well folks we could go on and on about the show last night but if you missed it, you can sympathize with your self, because laughter was king for the night believe you me.

The Lions Club netted a nice sum for its efforts.

Pirates Defeat Seals, 5 To 3

SAN FRANCISCO, Calif., March 25—(INS)—The Pittsburgh Pirates today held a 5-3 victory over the San Francisco Seals in a game played in damp chilly weather.

The weather kept the crowd at Seal stadium for the night game down to 1,291.

It was Pittsburgh's eighth victory of the season against five defeats.

Floor Title At Stake Saturday

City Championship Will Go To Winner Of Elks And Pulaski Game At Washington Floor

New Castle's basketball supremacy (unofficial) will be settled Saturday night at the Washington High gym before a large crowd as the Elks and K. Pulaskis tangle in the third and deciding game of their heated series. Each has won a game. The argument as to which has the best team will be settled.

The preliminary game Saturday has all the earmarks of a crackerjack clash too, with the Ex-New Castle High Stars meeting the Elks Reserves at 7:15 o'clock. There is considerable excitement about this contest. There is sure to be a terrific struggle for victory in both games.

Will Miss Franny

Coach Paul Morrison has the Elks at their peak for the important issue, and Coach Al Gonet has the Pulaskis equally as steamed up. The Elks are going to miss the services of their star forward Fran Pitzer out with an injured knee. Bob Pitzer is taking his place in the lineup and has been doing a bangup job.

There will not be any "loading up by either team" in the final game, that much is a certainty.

There are about 600 unreserved seats to be put on sale at the gate at 6:30 o'clock Saturday night. The reserved seats about 500 of them have been exhausted. The interest in the final game is mounting by the hour, who will win?

Gymnasts Hold NCAA Spotlight

CHICAGO, March 25.—(INS)—Tumblers, trampoline eccentrics and rope climbers get their biggest chance since vaudeville this Saturday.

The occasion is a serious one, with many an Olympic hope riding on the outcome of the N.C.A.A. gymnastics championships at the University of Chicago's Bartlett gymnasium. Present will be more than 60 of the most disciplined physiques in the land.

The representatives of 10 major institutions will bound, stretch and fold their limbs into granny knots during the afternoon preliminaries and evening finals Saturday.

Many of the competitors are nationally known. Penn State, traditionally fond of this sort of thing, is entering five well-built specimens, and Coach Gene Wettstone considers two of his charges—Bill Bonsall, 1946 National A.A.U. flying rings champion and N.A.A.U. calisthenics titlist Ray Sorenson—sure-fire Olympic material.

Only two colleges have ever won National AAU gymnastic team championships. The University of Illinois won an outright title in 1940, and shared it with the Bohemian-Sokols of New York in 1942. Penn State won it outright in 1943 and again in 1945.

Skeet, Trapshoot To Be Held Saturday

First trap and skeet shoot of spring will be held by the Lawrence County Sportsman's Association at their Harbor farm, commencing at 1 o'clock, Saturday, according to Herman Steinbrink, president of the organization. It is anticipated that a large number of shooters will attend.

Ruth Ends Miami Vacation

MIAMI BEACH, Fla., March 25.—(INS)—Babe Ruth, tanned and feeling much better than when he arrived six weeks ago, ends his Florida vacation today.

He will return to New York by train.

At his ocean front villa, Ruth said:

"I feel like a new man. I sure did feel bum when I came down here. The sun and rest has given me a new lease on life."

During his visit to Florida, Ruth—America's greatest home run hitter—made a swing through the grapefruit circuit where major league baseball teams are holding their spring training.

He said that if his health permitted, he would leave for the west coast soon where he will serve as technical adviser in a motion picture of his life.

ALLENTOWN CATHOLIC EASTERN FINALIST

ALLENTOWN, Pa., March 25.—(INS)—Allentown Central Catholic High school emerged today as the eastern finalist for the Pennsylvania State Catholic Scholastic basketball crown by defeating LaSalle, of Philadelphia, 41-35.

Some 3000 fans crammed into Rockne Hall in Allentown last night to see the Vikings draw away in the last quarter with a rally which they hope to continue when they meet Johnstown Catholic High next Wednesday night

COLLEGE CAGE CREAM MATCHED IN DREAM TILT

NEW YORK, March 25.—(INS)—Twenty-three hardwood hotshots from every national section and almost every basketball conference will display their wares at Madison Square Garden tonight in the third annual Herald-Tribune East-West all-star basketball game.

The western stars ,sporting at least four sure-fire All-Americans, have roundeded into a more cohesive unit on the basis of pregame scrimmages and are favored to take their eastern foes by about three baskets.

The eastern stars have a one-inch height advantage—the average 6'3"—and they throw a little more weight around under the boards, averaging 195 pounds. However, the westerners have the scoring punch and, in scrimmages, seem to have gotten used to a set style more easily than the east.

The western stars, sporting at with the Denver Nuggets, AAU finalists, yesterday and snowed under the powerful independent team in a previous scrimmage, the eastern aggregation stayed on even terms with the professional New York Knickerbockers of the Basketball Association of America.

One of the reasons for the west's favorite role is Murray Wier, the dynamic scoring ace from Iowa, who was selected as the Big Nine's most valuable player.

Refuses To Tell If He Belonged To Young Communists

WASHINGTON, March 25.—(INS)—An official of the Wallace-for-President campaign, testifying against universal military training, Wednesday refused to give a senate committee a yes or no answer on whether he had been a member of the Young Communist League.

The question was put by Sen. Gurney (R) S. D., chairman of the Senate Armed Services committee, to Seymour Linfield, a World War II paratrooper and veterans director of the national Wallace-for-President committee.

Linfield said he supports the pledge made by Henry A. Wallace last Feb. 1, in which the third party presidential candidate disavowed support of anyone advocating the violent overthrow of the United States government. Linfield declared:

"I have never supported such groups or individuals. I never expect to support such groups or individuals."

Wampum, Third U.P. Victors At YMCA

Bill Reed's 14 points sparked the Third U. P. to a 40-34 win over St. George, and Wampum nipped the First Congregationals, 40-31 in Church league games at the "Y" floor last night.

Ray Jackson and Johnny Marshall supplied 20 of the Wampum markers while Matthews sent 13 into the nets for the Congregationals.

Tonight at 7:15 the Calabra club tangles with the American Legion, at 8:15 the Bronze Local 69 dribblers meet the Universals and the finale at 9:15 sends the Shenango Pottery against the United Engineering.

DUFF PROCLAIMS ARMY DAY APRIL 6

HARRISBURG, March 25.—(INS)—The annual observance of Army Day April 6 was called for today in a proclamation by Gov. James H. Duff.

"With continued world-wide peace uncertain without fulfilment of our commitments abroad," he said, "it is more imperative than ever that civilians and their military servants share mutual trust and understanding and reaffirm that unity of spirit that always has enabled America to emerge victorious."

A CAREER IN ADVERTISING

Here is an exceptional opportunity to join one of the country's leading advertising and publishing companies.

Expansion of our activities has made it necessary to establish a new sales office to serve New Castle and surrounding areas. To staff this office we will need a few capable, young men whom we can train as directory advertising specialists. You will be judged on your previous business experience and education and, if accepted, you will be given a thorough course of training.

MINIMUM EARNINGS . . . $50 WEEKLY

Your progress can be rapid and your maximum earnings will depend entirely on your individual aptitude.

Reply now, giving your name, age, address, telephone number and present business affiliation. Our representative will soon be in this territory at which time an interview will be arranged.

New Castle Public Schools

One of a series of articles concerning the public schools of New Castle. Written by a member of the New Castle Chapter, Pennsylvania State Education Association.

SPECIAL EDUCATION GROUP

The child must have success in his school life if he is to be a happy well adjested person.

For many years, the retarded child made little progress and became a problem to all concerned. Today, the special education class affords the backward child a chance not only to accomplish academic work at his own rate of speed, but also provides him with many opportunities to develop manual skills. Eleven year old Johnny in the special class may not be able to read as well as eleven year old Tommy in the regular grade, but on the other hand, Tommy from the regular class may not be able to construct a bird house or weave a rug as effectively as Johnny from the special group.

Each is happy because he is a success in some phase of his school life.

FIRST GRADE NUMBERS

Reading, writing and arithmetic, you know the rest of the saying. These subjects are still being taught, but gone is the hickory stick and with it most of the uninteresting drill.

Arithmetic, is now referred to, as "Numbers." Children are acquainted with numbers, they know that many a good game involves the knowledge of them. They now have a definite need for these numbers, therefore they are happy in the process of learning about them.

Work-books make a game of learning, living and growing with all numbers.

Time was when 2 plus 3 were just five, but the child of today can tell you much more about those two numbers. He will tell you two plus 3, equal 5; 3 plus 2, equal five; five minus 2, equal three; and five minus three, equal two; this is a story about the 5 family. This family is one of his good friends, he will need the knowledge of this friend and many more today, tomorrow and always.

Where there is a need, there is an eager urge to learn—that is why the child says, "I like numbers, they are fun."

'Pennsylvania Week' Proclaimed By Duff

Governor Sets September 26 To October 2 For Observance In State

HARRISBURG, March 25. — (INS)—Gov. James H. Duff today named the period from September 26 to October 2 as "Pennsylvania Week" in 1948.

"The goal of Pennsylvania Week will be to make the 10,000,000 citizens of our great commonwealth more acutely conscious of Pennsylvania's almost unlimited resources and the immense variety of the production in or near all the communities in the state," the Governor explained.

Plan "Open House"

Activities during the celebration will be directed by the State Commerce Department, he added.

Commerce Secretary Orus J. Matthews announced that the 1948 version of the annual celebration will emphasize recent industrial expansion and advances in industrial productivity, and "Pennsylvania's great potential for further development."

Communities will be urged to conduct industrial expositions and industries to hold "open house" during the period, he added.

War Vet Battles Police, Suicides

BOSTON, March 25.—(INS)—Harold J. Benedict, Jr., 25-year-old Somerville, Mass., war veteran died in a hospital today of a self inflicted bullet wound after "shooting it out" with 70 Boston policemen.

Police said Benedict called police headquarters last night and advised them that he was "John Silver wanted for murder in San Francisco."

When police attempted to enter his fourth floor room he answered them with a blaze of gunfire.

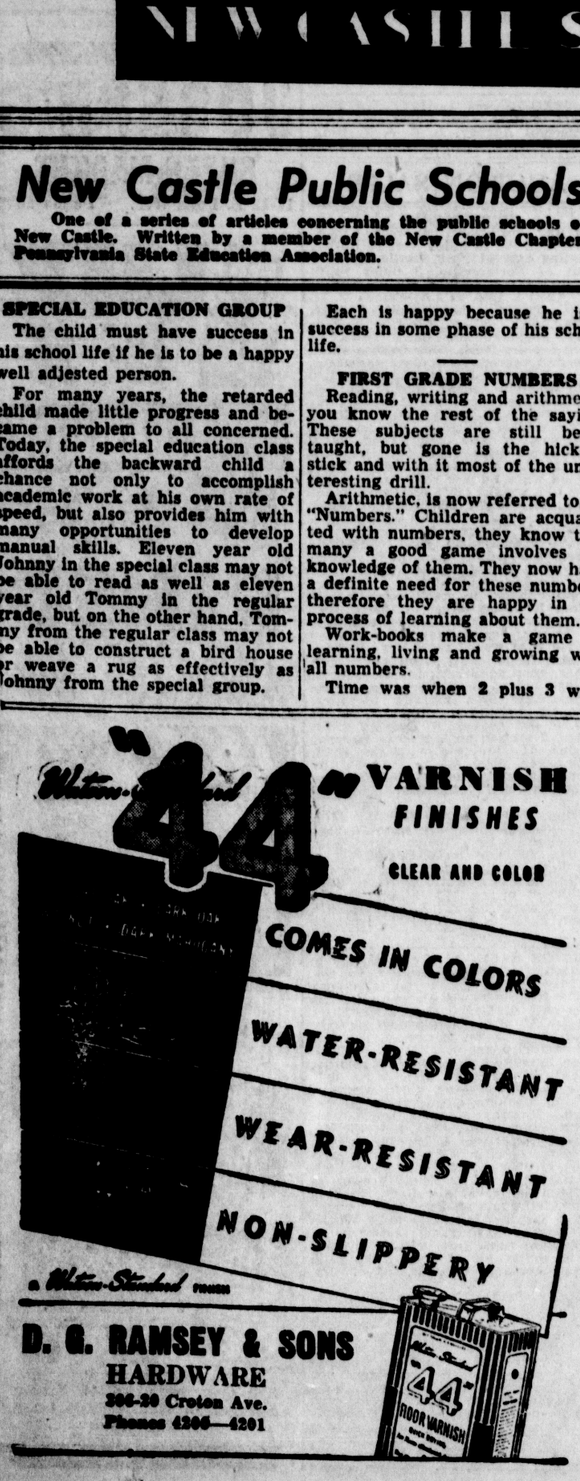

There are more than 3,000,000 miles of highways in the United States.

Motorist Dies In Highway Accident

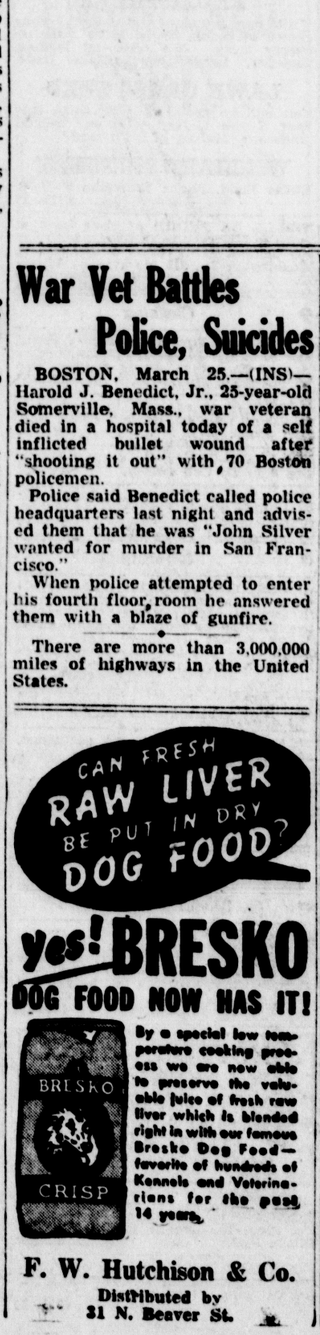

WOODBURY, N. J., March 25.—(INS)—A motorist identified as Edward B. Wetherell, Jr., 23, of Chester, Pa., died early this morning in Underwood Hospital at Woodbbury following a highway accident.

The victim was fatally injured on the New Jersey approach to the Bridgeport-Chester ferry when his automobile rammed into the rear of a truck, police said. He died two hours later.
